Commoners appointed to Senate; Mode of calculating Indemnity

Audit Office, Ottawa, September 28, 1896.

Sir,—Let me call your attention to the following statement of payments on account of indemnity and mileage of Senators for the first session of 1896 :—

	Indemnity.	Mileage.	Total.
Adams, M. (absent 1 day)	$992	$140	$1,132
Baker, G. B. do	992	...	992
McKeen, D. (absent 41 days	768	226	994
Temple, T. (attendance 1 day	10	....	10

I notice from the House of Commons expenditure, indemnity and mileage, there were paid to these gentlemen the following amounts for the same session of 1896 :—

	Indemnity.	Mileage.	Total.
Adams, M. (7 days)	$ 70	$140 40	$ 210 40
Baker, G. B. do	70	35 20	105 20
McKeen, D. do	70	208 40	278 40
Temple, T.	1,000	115 80	1,115 80

As the Act respecting the Senate and House of Commons does not contemplate that any member shall draw more than the full sessional indemnity of $1,000, together with one mileage, please call the attention of these Senators to this matter and obtain the following refunds :—

Adams, M	$ 202 00
Baker, G. B.	62 00
McKeen, D	278 40
Temple, T	10 00

If Senators Adams and McKeen are entitled to double mileage, why should Senator Temple not be ?

I am, sir, your obedient servant,

The Clerk of the Senate. J. L. McDOUGALL. *A.G.*

The Senate, Ottawa, October 7, 1896.

Sir,—I have the honour to acknowledge the receipt of your letter of the 28th ultimo.

I think it well to state that the indemnity and mileage allowed to the members of the two Houses by the Act are each separate and distinct from, and independent of the other.

I am not supposed to know whether any gentleman summoned to the Senate by His Excellency has been a member of the House of Commons or not; he has no standing in the Senate, except as a Senator after having been sworn in.

I have to calculate the sum due to each Senator at the close of the session, according to the law, upon the declaration made and signed by him in the form prescribed by the law; no discretion is allowed me, nor can I have any knowledge beyond that conveyed to me by the said declaration.

I have the honour to be, sir, your obedient servant,

EDOUARD J. LANGEVIN,

The Auditor General. *Clerk of the Senate.*

AUDIT OFFICE, OTTAWA, October 8, 1896.

SIR,—In further reference to my letter of September 28th calling your attention to the indemnity and mileage paid to certain Senators for the first session of 1896, I beg to state that when that letter was written I was under the impression that Senator McKeen was receiving the full indemnity for that portion of the session of which he was a Senator less eight dollars a day for all absent days over twelve during that period, and overlooked the fact that he was not appointed from the House of Commons to the Senate. Senator McKeen has reminded me that such is not the case, that a considerable period elapsed from the date of his resignation in the Commons to his appointment as Senator. I would therefore correct my letter of September 28th as regards his case.

I would, however, call your attention to Senator McKeen's declaration in which it is stated that his days of absence for that session were forty-one. The session of Parliament began on January 2nd; Mr. McKeen was called to the Senate on February 29th and the first day on which he was present was March 5th. He was, of course absent from the Senate from January 2nd to February 28th inclusive, fifty-eight days, the period of the session during which he was not a Senator, which with the five days from February 29th to March 4th inclusive would make his days of absence 63, apart from any absence he may have had after March 5th. Please explain how the forty-one days were arrrived at.

I am, sir, your obedient servant,

The Clerk of the Senate. J. L. McDOUGALL, *A.G.*

THE SENATE, OTTAWA, October 12, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 8th instant.

Senator McKeen stated in his declaration that the first sitting he attended was on the 5th March.

Parliament had been in session, up to that date, 63 days, and continued 50 days thereafter, making a session of 113 days.

Previous to that date, there had been 25 sittings of the Senate, including the first days.

During the period of 50 days from 4th March to 23rd April, there were 30 sittings, and 20 days of adjournment.

As, by long established custom, the first and last days are not reckoned as days of non-attendance, Senator McKeen was absent from and liable to deduction for 24 sittings prior to 5th March.

I found his attendance to be 33 days; his non-attendance was consequently 17 days; which, added to 24 days, made a total of 41 days, before and after his first attendance.

It was evident, from the facts of the case as I have stated them, that the Senator declared all his non-attendance, instead of only that of the period after the first day's attendance as required by the law, and I governed myself accordingly in calculating his indemnity.

I have the honour to be, sir, your obedient servant.

The Auditor General. EDOUARD J. LANGEVIN, *Clerk of the Senate.*

AUDIT OFFICE, OTTAWA, November 7, 1896.

SIR,—Adverting to your letter of the 7th ultimo, I have to state that while the indemnity and mileage allowed to the members of the two Houses by the Act are each separate and distinct from, and independent of the other, as you allege, I cannot accept such an interpretation of the Act that one member of Parliament shall receive more than another though the former may have been summoned to the Senate from the Commons during the session.

As to your statement that you are not supposed to know whether any gentlemen summoned to the Senate by His Excellency has been a member of the House of Commons or not, that he has no standing in the Senate except as a Senator, after having been sworn in, I would call your attention to the fact that you have not followed that view of the matter, inasmuch as Senator Temple was not paid his mileage for the session.

The money which is paid out to members of the Senate for mileage and to members of the Commons for the same purpose does not belong to the Senate and the Commons respectively. The two moneys have the same ownership. Both belong to the people of Canada. The money which is paid in either case as mileage is paid to indemnify the particular member for his expenses. I am sure that there can be no ground, even legally, and certainly there is no equitable ground to pay any man in a public trust twice for expenses which have been incurred only once.

You, I presume, knew that the Hon. M. Adams was a member of the Commons when he was appointed to the Senate, and you no doubt desired that the country should not pay a second time for a claim that had been already liquidated. Do you think that if you gratified that desire to the extent of saying to Mr. Adams "You have been paid in the Commons the allowance for your expenses in coming to Ottawa and I do not consider myself justified in paying it a second time," you would have been subject to criticism for having allowed yourself to take notice of a circumstance which, if it had been foreseen by the legislature, would have formed the subject of a section to prevent a duplicate payment?

I am, sir, your obedient servant,

The Clerk of The Senate. J. L. McDOUGALL, *A.G.*

THE SENATE, OTTAWA, November 19, 1896.

SIR,—I have the honour to ackowledge receipt on the 11th of your letter of the 7th instant.

The indemnity and mileage of Senators being admitted to be separate and distinct from and independent of those of the Commons, it follows that their declared attendance (which is the basis thereof) and they themselves also, are separate, distinct and independent members and attendances.

Such being the case, it would clearly be illogical on my part to take cognizance of their acts when they were not Senators.

It appears by the Auditor General's Report for 1891-92 that a member of the Commons received for his attendance at the session of 1892 the following sums:

Indemnity (first term)	$ 520 00
Mileage	74 20
Indemnity (re-elected)	654 00
Mileage	74 20
Total indemnity	1,174 00
do mileage	148 40

His was not a case of one member receiving more than another, but of two separate and distinct members, being one person, having separate and district attendances, their indemnity and mileage paid separately, according to the Act. The public exchequer suffered no loss by his receiving, for his second term, that which another in his place would have received.

His case in no wise differs from that of a member who resigns and becomes a Senator, or *vice versâ*.

My statement as to a Senator's status is not affected by the fact of Senator Temple not having claimed his mileage.

I am sure the third paragraph of your letter is not intended as a reply to any contention of mine.

In Senator Adams's case I followed the only course defined by the law; no discretionary powers are granted me; and to have addressed him in the language which you suggest would, I consider, have been an unseemly act on my part.

I have the honour to be, sir, your obedient servant.

The Auditor General. EDOUARD J. LANGEVIN, *C. of the S.*

AUDIT OFFICE, OTTAWA, December 28, 1896.

SIR,—With reference to your letter of the 7th October last, regarding the indemnity and mileage of Senators Adams, McKeen and Temple, the legal opinion which, for the purposes of indemnity, justified the treating of a person who was twice a member during a session as two members may have provided an argument in favour of looking upon the person, who was a member of the Commons and during the same session a member of the Senate, as two persons for indemnity purposes; but I still fail to see that there is any justification for your paying, or my paying, or any other person who has charge of public money, paying a second time for expenses which it is known have been already paid by the country.

That you should have chosen the exact words suggested by me in imparting to a Senator that two mileages could not be paid for one trip is not insisted upon. I quite agree that one should not be offensive, if offence can be avoided, but sometimes there is nothing for it but to call a spade a spade.

I am, sir, your obedient servant,

The Clerk of the Senate. J. L. McDOUGALL, *A.G.*

THE SENATE, OTTAWA, January 11, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 28th ultimo.

Since one appropriation covers both indemnity and mileage, I can find nothing in the Act to warrant the refusal of the latter allowance to a member who attends the session and resides outside the ten-mile limit.

The people's money has not been wasted, but simply paid to one person twice in consequence of his being a member and attending as such, a second time. Another person would have been paid if he had not, that is all.

I take the course prescribed by the law, namely, to calculate and pay according to the number of days of attendance and miles of distance declared, and am obliged to pay on the merits of each declaration without reference to any other declaration. Your criticism is based on opinion and not on the wording of the law. I intended to take exception, in my previous letter, to the impropriety of the course, not to the form of words suggested by you, nor to any other words.

I never have, nor will I ever, pay twice for expenses already paid by the country. That is not the question. The question is as to what the law allows. It allows both or neither, because attendance is the cardinal principle governing both allowances.

My course is not only justified by law, but also by precedent established by my predecessor in the case of the late Honourable Robert Read, who resigned his seat in the Commons and was summond to the Senate, during the session of 1871.

I am, sir, your obedient servant,

The Auditor General. EDOUARD J. LANGEVIN, *C. of the S.*

Mileage of Senators; Nearest Mail Route.

AUDIT OFFICE, OTTAWA, September 29, 1896.

SIR,—Let me again call your attention to the matter of determining the mileage of the senators from the Maritime Provinces. Following is a statement showing a number of over payments for the first session of 1896 :—

	Mileage declared.	Mileage, nearest mail route.	Over-payment.
Almon, W. J., Halifax	1,838	1,744	$ 9 40
McClelan A. R., Riverside	1,606	1,438	16 80
McKay, T., Truro	1,714	1,622	9 20
Dever, J., St. John	866	600	53 20
Dickey, R. B., Amherst	825	734	18 20
Miller, Wm., Arichat	1,058	967	18 20
McDonald, Wm., Glace Bay	1,130	1,039	18 20
McKeen, D., do	1,130	1,039	18 20
Poirier, P., Shediac	794	703	18 20
Primrose, C., Pictou	956	865	18 20
Wood, J., Sackville	816	725	18 20
Arsenault, J. O., Abram's Village	1,104	763	68 20
Ferguson, D., Marshfield	1,053	800	50 60
McDonald, A. A., Charlottetown	1,047	798	49 80
Prowse, S., Murray Harbour, S	1,072	820	50 40

The difference between the mileage declared and the mileage reckoned by the nearest mail route as above, arises from the fact that Senators Almon, McClelan and McKay declared their mileage by the Intercoloaial Railway route going and the Canadian Pacific Railway route returning,—that Senators Dever, Dickey, Miller, McDonald, McKeen, Poirier, Primrose and Wood declared their mileage by the Intercolonial Railway route both going and returning—and that Senators Arsenault, Ferguson, McDonald and Prowse, of Prince Edward Island declared their mileage by the Intercolonial Railway and the Pictou and Georgetown routes both going and returning.

I cannot find any authority in the Act respecting the Senate and House of Commons that would warrant a Senator in charging mileage by any route he chooses to travel. Whether or not the knowledge of the Senator in declaring his mileage or that of the Speaker in determining and certifying to that mileage is the larger element in arriving at the correct amount to be paid, the Act is plain that such mileage must be reckoned according to the nearest mail route. The words "nearest mail route" I understand are the standard and the only standard by which the correct mileage can be determined. If such is not the case, a lack of uniformity arises, as in the case of Senators Almon and Power, both of Halifax, the mileage of the former being $183.80 while that of the latter is $175 and in the case of Senators Dever and Lewin, both of St. John, the former being paid $173.20 mileage while the latter is paid $120.

I would remind you that under the Act quoted above in which the Senate and House of Commons are always named together, the members of the House of Commons receive mileage in the manner which appears to me to be correct.

I would refer you to page I—23 of my report of 1893-94, and particularly to the opinion of Mr. Lash.

I am, sir, your obedient servant,

The Clerk of the Senate. J. L. McDOUGALL, *A.G.*

THE SENATE, OTTAWA, October 7, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 29th ultimo.

In reply thereto I may say that, as I understand the subject of indemnity and mileage is to be referred to the Honourable the Minister of Justice, I do not know that I

can add anything, in this letter, to what I have already written in my letters of the 12th October, 1894, and 13th October, 1895, to you.

I have read the opinion of Mr. Lash referred to by you, and also that of the Minister of Justice published on the same page of your report, to which you make no reference in your letter.

I have the honour to be, sir, your obedient servant,

The Auditor General. EDOUARD J. LANGEVIN, *C. of the S.*

AUDIT OFFICE, OTTAWA, December 28, 1896.

SIR,—Referring to your letter of October 7th last, in the matter of the mileage paid to certain Senators, in which you state that you understand that the subject is to be referred to the Honourable the Minister of Justice, please let me know if the Minister of Justice, has given an opinion on this question.

I am, sir, your obedient servant,

The Clerk of the Senate J. L. McDOUGALL, *A.G.*

Funeral Expenses of Senators Paid by Senate.

AUDIT OFFICE, OTTAWA, November 4, 1896.

SIR,—Let me call your attention to the following payments in your supplementary expenditure on account of 1895-6 :—

Cheque No. 2314 : S. Rogers & Son, $415.—Funeral expenses of late Senator Read.

Cheque No. 2313 : John Carleton, $17.15.—Expenses of taking body to Belleville.

I gather from a memo. attached to the accounts that these expenses were paid on an order signed by Senators Sir M. Bowell, R. W. Scott and F. Clemow. Is there no other authority for the payment of these accounts?

This is not a class of expenditure which it is pleasant to have to criticize. I have no right to make any remark as to the propriety of paying the funeral expenses of Members of Parliament who die during a session, but it appears to me that the expenditure should either have the authority of Parliament in each case, or have it by a general act, as it is of a character for which the country is not directly liable.

I would suggest that you communicate this letter to the Speaker of the Senate for the purpose of ascertaining from him whether he sees his way to informing me that Parliament will be moved to give a general sanction to outlay of this kind.

I am, sir, your obedient servant,

The Clerk of the Senate. J. L. McDOUGALL, *A.G.*

THE SENATE, OTTAWA, November 6, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 4th instant.

The invariable practice in the past has been to defray the funeral expenses of Senators dying at the seat of Government while attending the session. The late Senator Read took ill during the session held last winter, and was too ill to be removed from Ottawa. Before leaving for England, Sir Mackenzie Bowell called at my office and gave me the written directions, referred to in your letter, to pay the funeral expenses

of the late Senator out of the Senate contingencies, in accordance with the practice that had prevailed. I cannot say whether the practice will be continued in the future.

I am transmitting to the Speaker, as you suggest, a copy of your letter.

I have the honour to be, sir, your obedient servant,

The Auditor General. EDOUARD J. LANGEVIN, *C. of the S.*

THE SENATE, OTTAWA, November 10, 1896.

SIR,—I have the honour to inform you that I have received a communication from His Honour the Speaker, in reply to a letter from me, transmitting a copy of your letter of the 4th instant, in which he desires me to inform you that it is his intention to submit the matter to the Minister of Justice, and that he will communicate the result as soon as he will have received his reply.

I am, sir, your obedieut servant,

The Auditor General. EDOUARD J. LANGEVIN, *C. of the S.*

Using Letter of Credit for Expenditure to which it was not applicable.

AUDITOR GENERAL'S OFFICE, OTTAWA, February 14, 1896.

SIR,—With reference to your application of the 10th instant for a cheque for $577.40 in favour of A. L. Belyea, I beg to inform you that I have not received the Order in Council which you quote as authority for the payment of the sum in question.

Please send me the account rendered by Mr. Belyea in support of his claim. It will of course need to be certified by the Department of Justice.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, March 6, 1896.

SIR,—I notice on your statement of cheques issued during the month of February that you have drawn on the appropriation for Unforeseen Expenses to the amount of $577.40. The cheque for this sum (9,175) is entered as having been made payable to the order of A. L. Belyea for professional services. Is this the claim for which payment was asked to be made by Receiver General's cheque on the 10th ultimo, and which has been withheld in this office pending the receipt of the voucher and certificate requested in my letter of the 14th ultimo? If so, please let me have your reasons for making payment through your credit. Of course you are aware that your credit does not cover the Vote for Unforeseen Expenses, and I should be glad to be informed on what authority you have drawn on an appropriation over which you have no control. I am holding your application to repay the bank until I receive your explanations.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, March 9, 1896.

SIR,—I have to acknowledge receipt of your letter of 6th instant, in regard to the payment of $577.40 made to Mr. A. L. Belyea for professional services, and in reply I am to inform you that by Order in Council of 1st February last authority was granted to pay out of Unforeseen Expenses that sum to Mr. A. L. Belyea in full settlement of his account for services and disbursements in connection with Behring Sea matters during 1892 and 1893. An application was made to your department for payment of the amount in accordance with the terms of the Order in Council, but the request was refused, as a copy of the Order in Council had not been obtained by you and the account was not certified by the Department of Justice. I presume ere this you have received a copy of the Order in Council authorizingthe payment of the amount to Mr. Belyea. With reference to the certificate of the Justice Department, I may say that the sum in question was accepted by Mr. Belyea as a final settlement of a larger claim (for special services in the absence of any specific agreement as to remuneration) which had been long pending and had formed the subject of much correspondence as to the value to be placed on Mr. Belyea's services. Under these circumstances, it was not thought that the certificate of the Justice Department would materially assist the case. I may add that provision has been made in the Supplementary Estimates for the payment of this sum to recoup the Vote for Unforeseen Expenses.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. and D.*

AUDITOR GENERAL'S OFFICE, OTTAWA, March 14, 1896.

SIR,—With reference to your letter of the 9th instant, I beg to point out that you have not given any explanation of your action in drawing on the Vote for Unforeseen Expenses through your letter of credit knowing that your credit did not extend to this appropriation. It seems evident that you were aware of this fact from your first applying for a Receiver General's cheque, and also because you have invariably made direct application in regard to other expenditure chargeable to this Vote, as for instance the gratuities to families of deceased officers.

As to the certificate of the Department of Justice, it should be attached to the account if the service performed were of a legal character, but if not, then the account rendered should specify in detail the expenditure incurred and be certified as required by section 33 of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Pay-Lists of Temporary Employees not treated as directed by Treasury Board.

AUDITOR GENERAL'S OFFICE, OTTAWA, March 5, 1896.

SIR,—As no pay-list of departmental employees, not paid from Civil Government, came to hand from your department for February, I addressed a letter, (copy inclosed) to the Clerk of the Privy Council regarding the distribution of copies of the Order in Council of February 19th. In view of his reply, a copy of which I also inclose, I beg to ask why the pay-list was not sent to this office for certificate before the month's salaries were paid.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, March 6, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 5th instant, inquiring why the pay-list of departmental employees was not sent to your office for certificate before the February salaries were paid, and in reply beg to inform you that no copy of the Order in Council confirming the Regulation of the Treasury Board has been received, and I am also to inform you that the Clerk of the Council has been asked for a copy, but none has been thus far received.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M. of M. and F.*

P.S.—Since writing the above the Order in Council of the 19th February has just come to hand.

Payment to Mr. O'Hanly in connection with Chicago Drainage Canal.

AUDITOR GENERAL'S OFFICE, OTTAWA, April 28, 1896.

SIR,—With reference to the file of papers which you left me bearing upon the services performed by Mr. O'Hanly in the investigation of the probable effect of the Chicago drainage canal upon the lake and harbour levels, I beg to inform you that it will be necessary to obtain an Order in Council definitely stating what part of the sum voted is to go to Mr. O'Hanly for his services. The Order in Council which I have

seen recommends the providing of a sum of money to pay for Mr. O'Hanly's services and travelling expenses, but does not apportion the amount in any way.

In asking for an Order in Council I am following the rule which obtains in the case of all such payments.

I am, sir, your obedient servant,

The Accountant Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Salary Payment to A. B. Richard, Lighthouse Keeper, Fort Folly.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 13, 1896.

SIR,—I beg to bring to your notice a payment of $28.65, made to And. B. Richard, lighthouse keeper at Fort Folly, by cheque 3344, being his salary from December 9, to March 1, 1890. The voucher sent me in support of this payment is not certified by your agent at St. John, nor is any explanation given for having allowed the claim to remain so long unsettled. According to the information furnished to this office at the time, Mr. Richard commenced his duties as lightkeeper on March 1, 1890.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 15, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 13th instant, inquiring in regard to the payment of $28.65 made to Andrew B. Richard, lightkeeper at Fort Folly, as salary from December 9th, 1889, to March 1st, 1890, and in reply I am to inform you that while the date of the Order in Council appointing the keeper referred to is 19th September, 1889, his appointment by the terms of the Order was to date from the period when the light was put in operation. He was paid accordingly from the 1st March, 1890, but the keeper made a claim that he had been placed in charge by the inspector of lights on the 9th December, 1889, and that his salary was due him from that date. His claim was investigated and it was ascertained that Richard had charge of the building on the date referred to and was obliged to look after it. His salary was accordingly allowed him in payment of the claim amounting to $28.65.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. and F.*

Arrears of Salary to Thomas Marchildon, Lightkeeper, Port Hope.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 26, 1896.

SIR,—I beg to ask for explanation of the payment of $50 by cheque 10995 to Thomas Marchildon, keeper of the light at Hope Island. This amount is represented as arrears of salary from November 28th, 1893, to May 28th, 1894. According to the information in this office, John Hoar, the late lightkeeper was paid for services as such to December 31st, 1893, and the appointment of his successor (Marchildon) was not authorized until April 28th, 1894. There seems to have been a duplicate payment for the period between November 28th and December 31st, 1893. Please explain the cause of delay also.

I am, sir, your obedient servant,

The Deputy Minister Marine & Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 28, 1896.

SIR,—I have to acknowledge receipt of your letter of the 26th instant, asking for explanations in regard to a payment of $50 to Thomas Marchildon, keeper of the light at Hope Island, and in reply I am to inform you that the amount referred to was allowed by the Minister in full for Mr. Marchildon's claim for time and travelling expenses when instructed to proceed, on the 7th November, 1893, to Hope Island to take charge of the light, in place of Mr. John Hoare, whom it was proposed to superannuate. Marchildon went to the island, but was refused possession by Mr. Hoar. He therefore returned to Midland, and reported to the department the result of his trip. In the meantime, Council refused to superannuate Mr. Hoar, and he was continued as lightkeeper until May, 1894, when Marchildon was duly appointed by Order in Council. This payment of $50 is to reimburse him for his loss of time, and travelling expenses to and from the Island.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

Expenditure incurred without Parliamentary Appropriation.

AUDITOR GENERAL'S OFFICE, OTTAWA, August 5, 1896.

SIR,—With reference to your application of the 3rd instant for the transfer of $10,959.34, which has been charged against the vote for maintenance of lights, to the debit of construction of lights, I beg to point out that you have not informed me why the payments in question were charged against the wrong appropriation in the first instance. Please let me have this information at your early convenience.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, August 6, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 5th instant in respect to my application for the transfer of $10,959.34 from Maintenance of Lights to Construction of Lights, and in reply I am to inform you that the balance of appropriation for Construction of Lights for 1894-95 was not available after the 31st August, 1895, and at the time a number of contracts for construction of lights had not been completed. In 1895-96 the department was not given any appropriation for construction of lights, and was therefore compelled to pay its liability for construction out of the vote for maintenance and repairs to lights. To recoup that vote the sum of $17,780.71 was placed in the Supplementary Estimates of 1895-96.

I may observe that the payment of these construction claims from the vote for maintenance was sanctioned by the then Minister of Finance.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, August 10, 1896.

SIR,—I beg to acknowledge the receipt of your letter of the 6th instant in explanation of having charged to the appropriation of 1895-96 for maintenance of lights, certain sums amounting to $10,959.34 which had been paid out for construction of lights.

As I now understand this matter, the department proceeded with the construction of lighthouses during the fiscal year 1895-96, notwithstanding the fact that Parliament had not provided the necessary appropriation for the works in question, and in the

absence of such appropriation charged the cheques issued to the contractors on the vote for maintenance of lights. Now, if it were proper to charge these cheques to maintenance it would have been equally so to have charged them to any other vote covered by your credit; so that you see if such transactions are allowed to pass unnoticed, the sub-division of the annual supplies into separate and distinct appropriations would be a farce, and, so far as keeping expenditure under its proper vote is concerned, Parliament might as well vote the whole supplies in one lump sum.

It seems to me you must have misunderstood the late Minister of Finance as he had no power to give legal sanction to the course adopted by the department in this matter. I am sorry to be obliged to refuse your application of the 15th instant for a further credit of $25,000 until I have an understanding with your department as to its future course under similar circumstances.

I am, sir, your obedient servant

The Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, August 12, 1896.

SIR,—I have your letter of the 10th instant in regard to transferring from maintenance to construction of lights certain sums amounting to $10,959.34, and in reply I beg to inform you that appropriations had been made by Parliament for the construction of these lighthouses, but the balance of the appropriation was not available after the 31st August, 1895, and it was necessary to provide funds to complete the lighthouses. I inclose for your information copy of a letter addressed to the Minister of a Finance on October 14 last, which explains the situation, and I also inclose copy of memorandum addressed by the late Minister of Finance to Mr. Costigan, in which he states that pressing claims might be paid out of maintenance but not beyond the amound of lapsed vote. I may say that I quite agree with your remarks in regard to the necessity for keeping expenditure under its proper vote, and due care will be taken in future to meet the requirements, but in the case in question, although irregular, it was adopted by Deputy Minister Smith, and approved by the Minister as the only course possible to meet the obligations contracted by the department.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MARINE AND FISHERIES DEPT., OTTAWA, October 14, 1895.

DEAR MR. FOSTER,—I have your letter of the 12th instant in regard to the application made for payment of certain moneys due for lighthouse construction, in which you take exception to the granting of the application, on the ground that it is not for arrears of work commenced in 1894-95, but for new work for 1895-96.

I think it well to explain to you how the difficulty in the case has arisen. The works in question, I may remark, were all included in the statement submitted to the House of Commons, of new lights to be erected in the fiscal year ending June 30, 1895, for which we had construction vote.

As you you will remember, however, an Order in Council issued on January 14 last, in which you represented that in order to reduce the expenditure of the currrent year, it was agreed that no works or services, even though provided for in the estimates, which had not yet been placed under contract or commenced by day's labour, should be undertaken.

On receipt of this order, our engineer immediately suspended the work of preparing plans and specifications for new lighthouses, and nothing was done in the matter until the meeting of the House, when strong representations were made to the Minister

of Marine and Fisheries, by the members representing the district in which new lights were to be placed, that it was necessary that the lights should be proceeded with, and instructions were given accordingly to the engineer to proceed with the work of inviting tenders, with the expectation that the work should be completed within the first three months of the fiscal year 1895-96, and that the construction vote for the fiscal year 1894-95 would be available in payment of these works.

A report was accordingly made to council and an order issued on the 2nd July, 1895, a copy of which I send herewith, by which the construction vote for lighthouses was extended to the 30th September. If this order had been allowed to stand, no difficulty would have arisen in regard to the payments, as the works were to be completed by the 30th September, and we expected to pay the amounts due out of the balance of the construction vote for 1894-95. Through some oversight, however, I presume your department went to council and cancelled all previous orders, and carried down balances for two months only, and although this department went to council and obtained another order under date of the 8th August, carrying down the appropriation to the 30th September, the Auditor would not recognize this, and consequenty we were unable to pay for the amounts falling due under the contracts up to the 30th September.

I think it well to make this explanation to you, as if it had not been for this difficulty of the Auditor refusing to recognize the order of 8th August, confirming that of the 2nd July, there would have been no trouble in the matter.

I hope that under the circumstances, arrangements may be made to pay the amounts, which are now due, as the contractors are pressing the money.

Yours truly,

Hon. G. E. Foster, Minister of Finance. J. COSTIGAN,

Dear Mr. Costigan.—I said to Mr. Smith that if no objection was made he might pay pressing claims but not beyond amount of lapsed vote.

G. E. FOSTER,

Account for Buoy Service not paid in usual course.

Auditor General's Office, Ottawa, December 11, 1896.

Sir,—I beg to bring to your notice voucher 8963 rendered by D. Collins for $75 for superintending the placing and storing of the buoys from Belleville to Trenton for three years from 1st May, 1893, to December 2nd, 1895, which was paid during last year. Please let me know your reason for not having paid this account at the end of each year as is usual in similar cases.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Marine and Fisheries Dept., Ottawa, December, 15th 1896.

Sir,—In reply to your letter of the 11th instant inquiring why the bill of Mr. D. Collins, for $75 for superintending the placing and storing of the buoys from Belleville to Trenton, for three years was paid at one time instead of being divided into three separate payments and $25 paid at the end of each year, I have to inform you that Mr. Collins did not send in his account for the work until January of this year.

Mr. Collins is Harbour Master at Belleville, and an officer of the harbour commission, but was requested to inspect the buoys under contract with Mr. James Chappee; these buoys are not in Belleville harbour, but in the lake between Belleville

and Trenton. In order that there might be proper supervision it was provided in the contract that the harbour master at Belleville should superintend the buoys.

He visited each buoy after being placed each year and several times during the season was compelled to see that the buoys that had been displaced were put back again. Owing to the large rafts of timber that are towed in the vicinity of the buoys they are displaced frequently, and when displaced complaints are made to Mr. Collins, who seems to have given a good deal of attention to the work.

I am sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M., of M.F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, December 18, 1896.

SIR,—I beg to acknowledge the receipt of your letter of the 15th instant, in explanation of the delay in making payment to D. Collins, for his services inspecting the buoys between Belleville and Trenton. As I have before pointed out, I do not think the department is justified in allowing the liabilities of one year to pass over to a succeeding one merely because the account has not been rendered.

The department should know its own liabilities for the year, and, as you are aware, the Governor in Council usually allows a period of two or three months after the close of each fiscal year within which to collect all outstanding accounts for the year just closed and have them charged against their proper appropriation.

I am sir, your obedient servant,

The Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 4, 1897.

SIR,—In reply to your letter of the 18th ultimo, with further reference to paying Mr. D. Collins $75 for superintending the buoy service between Belleville and Trenton, for three years, I have to refer you to my letter of the 15th ultimo, which plainly states the peculiar circumstances of this case. With regard to your statement that this department is not justified in allowing the liabilities of one year to pass over to a succeeding year merely because the account has not been rendered, I have to inform you that this department considered Mr. Collins' claim a proper one for consideration.

The buoy contract with Mr. Chapee extended over a period of three years, and Mr. Collins appears to have been under the impression that the money would not be due him for his services until the termination of the contract. There was no arrangement with him as supervisor to pay him any sum annually or for any period. The service was of such a nature that the department could not anticipate its value and fix any annual compensation. The account was not paid until the details of the service rendered had been ascertained, and to have refused to pay Mr. Collins, after he had clearly demonstrated that he performed faithful service to the government, because his bill had not been rendered annually, would have been unjust.

Your statement that this department should know its own liabilities for the year may be correct in a general sense, but in carrying out the details of the departmental work many cases arise where the liabilities of the department cannot be known until the bills are presented. Much of the property of this department is exposed to storms and accidents, and when danger marks are destroyed, which frequently occurs, steps must immediately be taken by the persons authorized to replace them in order to protect life and shipping.

The expense incurred in the case of Collins was principally owing to the fact that the buoys which he supervised were displaced by rafts and storms and the value of the work could only be known after he performed it.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.&F.*

Payment of Board Allowance not Authorized by Order in Council.

AUDITOR GENERAL'S OFFICE, OTTAWA, December 23, 1896.

SIR,—I beg to inform you that I have not received the authority of the Governor in Council for the payment of $26 per month board allowance to H. J. McHugh from January 4th to April 16th, 1896. Please let me know why such an allowance was made, and if not by Order in Council, then by whom authorized?

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Employment of J. N. Cameron as Temporary Clerk at $2 per diem.

AUDITOR GRNERAL'S OFFICE, OTTAWA, December 23, 1896.

SIR,—I beg to ask under what authority Mr. J. N. Cameron was employed in the Department of Marine and Fisheries from January 15 to June 17, 1896, and his remuneration made at the rate of $2 per diem, paid from the vote for registration of shipping. Why was not payment made to him, as directed by Order in Council, on pay-lists certified at this office before payment?

I should like to have your explanation also of a payment of $14.35 made to him for travelling expenses from Lévis to Ottawa and return.

I am, sir, your obedient servant.

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 12, 1897.

SIR,—I have to acknowledge receipt of your letter of the 23rd ultimo, relative to the payment of wages to Mr. J. N. Cameron, employed in this department from January 15 to June 17, 1896, and asking why he was not paid as directed by Order in Council, on pay-lists certified at your office. In reply, I have to request you to be good enough to inform me of the date of the Order in Council to which you refer, as the only papers I find in the department bearing on such a subject, are a letter from Mr. Courtney to the clerk of the Privy Council, dated 7th December, 1895, notifying him of a minute of the Treasury Board, in connection with the payment of wages to extra clerks, and a subsequent Order in Council, dated 1st February, 1896, stating that the committee of the Privy Council are of the opinion, that the minute referred to is inoperative until approved by His Excellency the Governor General in Council; and I will, therefore, be obliged to you for the date of the order to which you refer in your letter, in order that a copy of the same may be obtained from the Privy Council office. When I make myself conversant with the terms of the order referred to, I will then answer the questions you ask in your letter.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, January 14, 1897.

SIR,—In reply to your letter of the 12th instant respecting the directions of the Treasury Board as to the mode of payment of the salaries of temporary clerks paid from other appropriations than that for Civil Government Contingencies, I beg to refer you to an Order in Council of February 19, 1896, cancelling the previous order of February 1st, mentioned in your letter.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Purchasing Supplies from an Officer of the Department.

AUDITOR GENERAL'S OFFICE, OTTAWA, December 30, 1896.

SIR,—I beg to bring to your notice a payment of $65, to Mr. W. Bell Dawson for a 14 inch Y level and 14 foot telescope rod for use in connection with the Tidal Survey, a work which is carried on under his own supervision. It seems to me that a transaction of this kind with an officer of the department is always open to objection, even though, as in the present instance, the certificate called for by section 33 of the Audit Act is given by an officer of the department, holding superior rank to Mr. Dawson.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Different prices for Coal to Dominion Coal Company.

AUDITOR GENERAL'S OFFICE, OTTAWA, November 30, 1896.

SIR,—I beg to bring to your notice voucher 7979 rendered by the Dominion Coal Co., for coal supplied the Steamer "Newfield" in December, 1895. The price paid per ton according to this voucher is $2.20, though coal of a similar quality purchased from the same Co. in July, 1895, and March, 1896, cost only $1.95 per ton. Please let me know the reason for paying the higher rate in December.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 2, 1896.

SIR,—In reply to your letter of the 30th ultimo, bringing to my notice that voucher 7979 rendered by the Dominion Coal Co., for coal supplied steamer "Newfield" at Sydney, shows that the coal is charged at $2.20 per ton, although a similar quality purchased from the same company earlier in the season of 1895, and some in the season of 1896, cost only $1.95 per ton, I herewith inclose a statement of account.

You will observe by the statement that a correction was made and the 254 tons of coal received on board the "Newfield" in 1895 is charged at $1.95 per ton.

You will observe also in the credits that the sum of $596.90 was credited the department on the 27th January, 1896. The error in charging $2.20 instead of $1.95 was noticed in the department in March last, and a letter was written to the Coal Company requesting them, in their account with the department, to charge the coal at $1.95 the price agreed upon.

You will perceive by the inclosed statement that the department, in the running account that exists with the company has received full credit for the amount of money paid the company, whilst the coal has been charged at the rate agreed upon.

I am sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

MARINE AND FISHERIES, OTTAWA, February 11, 1897.

SIR,—In reference to the account of the Dominion Coal Company for 254 tons of coal supplied the steamer "Newfield" for which a charge of $2.20 a ton was made instead of $1.95, the contract rate (see Voucher 7979 of 1895-96), I am to inform you that the Dominion Coal Company, has placed to the credit of the Receiver General, the sum of $63.50. Certificate of Deposit No. 1107, 16th of December, 1896, being a refund of 25 cents a ton on the 254 tons of coal referred to.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M., of M.F.*

Water Rates to the City of Halifax.

AUDITOR GENERAL'S OFFICE, OTTAWA, January 4, 1896.

SIR,—I beg to bring to your notice a payment of $164.69, water rates to the city of Halifax, made from the vote for agencies rents and contingencies by cheque No. 7919. The location of the property in the city of Halifax on which these rates have been paid is not given. Please supply this omission and let me know if the government has paid water rates on the property in question or on similar property previous to the date of the present claim.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Deputy Minister Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, January 29, 1897.

SIR,—I have to acknowledge the receipt of your letter of 4th instant, asking for information in respect to the charge of $164.69 for water rates to the city of Halifax, voucher 7919 of 1895-96, and in reply I am to inform you that the charge is for one year's water supplied at the wharf of the agency of the department to Dominion steamers, and also for testing buoys and other uses of the department.

The amount should have been divided between Dominion steamers and maintenance of lights, but through an error the full amount was charged by the agent to agencies, rents, and contigencies.

I am also to inform you that previous to May, 1893, a fixed rate of $250.00 per annum was paid. Since that date it has been charged by meter. I inclose you herewith copy of present rates.

I am, sir, your obedient servant,

The Auditor General, F. GOURDEAU, *D.M., of M.F.*

Payment of Salary to Fishery Overseer Kerr after service had been dispensed with by O.C.

AUDITOR GENERAL'S OFFICE, OTTAWA, January 21, 1897.

SIR,—I find on examination of the pay-lists sent me in support of the salaries paid to Fishery Overseers, Ontario, for the year ended June 30, 1896, that Mr. Fred. Kerr, of Hamilton, was paid in full for the quarters ended March 31, and June 30, 1896.

Please let me know why these payments were made to Mr. Kerr in view of the Order in Council of February 25, 1896, dispensing with his services from that date.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, February 1, 1897.

SIR,—In reply to your letter of the 21st, ultimo, asking why Fishery Overseer Fred Kerr, of Hamilton, continues to be paid his salary in view of the fact that his services as such Fishery Overseer were dispensed with by Order in Council (No. 3565) of the 25th February, 1896, I have the honour to state that the terms of that Order in Council were never carried out, as the then Minister (Hon. J. Costigan) on reconsideration, decided that grounds existed for cancelling that portion of it which referred to Mr. Kerr's dismissal and a recommendation to that effect was made to Council on the 4th July, 1896.

On the 13th July, 1896, this report was referred back for the consideration of the present Minister of Marine and Fisheries, who has decided to concur in the recommendation, and will take steps to give it effect.

Mr. Kerr, was never notified of his dismissal and has continued to act as Fishery Overseer as heretofore.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M., of M.F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, February 3, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 1st instant, in explanation of the salary payments made to Fishery Overseer Kerr, of Hamilton, after his services had been dispensed with by Order in Council.

Notwithstanding the fact that the Minister decided after the passage of the Order in Council, to continue the services of Mr. Kerr as a fishery overseer, it is clear that the payments made him for salary since February 25, 1896, the date of the Order in Council authorizing his dismissal, are illegal. They should now be sanctioned by the Governor General in Council to remove the irregularity as far as anything done now can remove it.

I presume the recommendation to council, which you intimate in your letter has been approved of by the present Minister, provides, if adopted, for the necessary sanction in this respect.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A. G.*

Extra Remuneration to Permanent Officers Contrary to 51 Vic., chap. 12, Sec. 51.

AUDITOR GENERAL'S OFFICE, OTTAWA, January 25, 1897.

SIR,—I beg to bring to your notice voucher marked 9668 to 9671 in support of payments of $24.64 each to F. Gourdeau, A. W. Owen, F. H. Cunningham and V. H. Steele, all permanent employees of the Department of Marine and Fisheries, for services in connection with the distribution of Fishing Bounty performed between January 31 and March 14, 1896.

Please let me know under what authority these payments were made, as it seems to me they are plainly at variance with section 51 of the Civil Service Act as amended by 51 Vic., chap. 12.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, January 26, 1897.

SIR,—In reply to your letter of the 25th instant, asking on what authority certain payments were made to permanent officials of this department for extra work in connection with the fishing bounty for 1895, I have the honour to explain that the service consisted of signing the fishing bounty cheques, and that the work and the payment for same was authorized by the then Minister and the Deputy Minister. I beg further to explain that whilst the routine work connected with the distribution of the 1895 bounty was performed by extra clerks it was not considered expedient to grant them authority to sign Government cheques.

I may again state that the work was all done after the regular office hours, and by the same officers who performed this duty during the preceding year.

I am, sir, your obedient servant.

The Auditor General. F. GOURDEAU, *D.M., of M.F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, January 29, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th instant, regarding certain payments to permanent officials of your department for extra work in connection with the fishing bounty for 1895.

You say that the service consisted of signing the fishing bounty cheques, and that the work and the payment for same was authorized by the then Minister and the Deputy Minister. The Minister or Deputy Minister had a perfect right to order the doing of the work, but not the payment for it, as 51st Vic., cap. 12, sec. 12 is: "No extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service."

You further say: "I beg further to explain that whilst the routine work connected with the distribution of the 1895 bounty was performed by extra clerks, it was not considered expedient to grant them authority to sign Government cheques."

No one can offer objection to this determination. To permit any but a permanent employee and one of high standing to sign departmental cheques would be most unsafe.

It is said in addition: "I may again state that the work was all done after the regular office hours and by the same officers who performed this duty during the preceding year."

There are really no office hours in the public service. The heads of a department have just as much right to claim the services of an official when they are required after the usual office hours as during those hours. If the payments to the same officers in the preceding year were not commented upon here, it was because the Minister of Marine and Fisheries announced in Parliament when the appropriation which covered those payments was under consideration, that the payments were to be made.

Will you be good enough to cause refunds of the amounts to be at once made so that the report of this office now in course of printing may state the fact.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Price of Pilot Bread.

AUDITOR GENERAL'S OFFICE, December 1, 1896.

SIR,—I beg to bring to your notice the accounts rendered by G. J. Hamilton & Son, for pilot bread supplied the steamer "Newfield" during the fiscal year 1895-96. The price charged in all these accounts except the one for December, 1895, is 5½ cents per pound. In December 128 pounds were supplied at 5 cents per pound, and I should like your explanation in regard to the higher rate paid during the year. I notice that the price paid Hogg, Craig & Co., Pictou, for pilot bread supplied the "Aberdeen" was 5 cents per pound.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, January 26, 1897.

SIR,—In reply to your letter of the 1st ultimo, relating to the purchase of pilot bread for the steamer "Newfield" from Messrs. G. J. Hamilton and Son, at 5 cents per pound for 128 pounds in December, 1895, and requiring an explanation why 5½ cents per pound was paid throughout the whole of the year, I have to inform you that the 128 pounds was poorer quality of pilot bread and therefore cost ½ cent per pound less than the other lots.

With regard to your statement that the price paid Messrs. Hogg, Craig and Co., for pilot bread supplied, the "Aberdeen" was 5 cents per pound, for your information, I have to state that there are different qualities of pilot bread, and furthermore that the "Aberdeen" took the bread from Messrs. Hogg, Craig and Co., at Pictou and not at Halifax.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M., of M.F.*

Re Sault Ste. Marie Wharf.

AUDIT OFFICE, OTTAWA, March 19, 1896.

SIR,—In your letter of January 7th last you state in effect, that the acting wharfinger at Sault Ste. Marie had retained all the collections at that wharf since August 31, 1894, and that the question of the salary to be allowed him had not yet been settled.

As the remuneration allowed previous wharfingers is entered in your report at $100. per annum and the receipts at this wharf, according to your letter, amount to over $100. per month, I can not understand why the wharfinger has been allowed to retain his entire receipts.

I need not say how objectionable and irregular it is for a government collector, under any circumstances, to retain the whole or any part of his collections without authority.

Please state what further action has since been taken in reference thereto.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 23, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 19th instant with reference to the acting wharfinger at Sault Ste. Marie retaining collections, and in reply I am to inform you that while the wharfinger was appointed at a salary of $100 per annum, it has been found that the amount stated was not adequate remuneration for the duties required of him, and that in fixing the salary referred to, the fact of a large portion of the wharf originally belonging to Mr. Plummer who was appointed wharfinger, was not taken into consideration, but the question of the remuneration to be allowed the wharfinger is still under the consideration of Council.

With reference to the statement contained in your letter that you could not understand why the wharfinger had been allowed to retain the entire receipts, I beg to inform you that the entire receipts have not been retained, as on the 31st August, 1894, the acting wharfinger remitted the sum of $368.90.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, March 27, 1896.

SIR,—I have received your letter of the 23rd instant in reply to mine of the 19th, in reference to the acting wharfinger at Sault Ste. Marie retaining his collections.

The Revenue and Audit Act directs that all collecting officers shall deposit their gross collections. Please let me know under what statutory authority wharfingers are allowed to retain a percentage of their receipts.

This wharfinger was only allowed to retain $100 per annum, yet he has been allowed all his collections, over $100 per month, since August 31, 1894. You state the remuneration has been found to be inadequate, and that the question is before Council. The allowances to wharfingers varies, the wharfinger at Cow Bay receives only 7½ per cent of his collections, two others get 20 per cent, one 50 per cent (East Bay) two get $50 per annum, and all others get 25 per cent. Judging from these facts, and without explanation to the contrary, the wharfinger at Sault Ste. Marie is in arrears to a large amount.

If that be so, you will no doubt take summary proceedings with the view of securing what is due. If there are any circumstances which account for the apparent shortage, I shall be glad to learn them.

I am, sir, your obedient servant,

The Deputy-Minister, Marine and Fisheries. J. L. McDOUGALL. *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 31, 1896.

SIR,—I have to acknowledge receipt of your letter of the 27th instant in reference to the acting wharfinger at Sault Ste. Marie retaining his collections, and in reply I am to inform you that the wharfinger has been called upon to deposit the amount which he has advised he has retained, without delay.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M. M. & F.*

P.S.—I enclose herewith copy of my letter to the acting wharfinger.

MARINE AND FISHERIES DEPT., OTTAWA, March 31, 1896.

SIR,—Referring to your letter of the 15th ultimo, advising that you had mailed statements of collections for November, December and January, which completed the report of the season's business, showing the total collections for the season to have been $1,729.48, and also mailing a statement of expenditure in connection with the wharf amounting to $605.53, which left a balance in your hands of $1,123.95, to which might be added the balance of the business of 1894, $269.09, making a total in your hands of $1,393.04, I have to request you as soon as possible to forward the full amount of your collections for the season of 1894 and the season of 1895, less the sum already remitted, to the department, as the Revenue and Audit Act directs that all collecting officers shall deposit their gross collections.

The wharfinger for Sault Ste. Marie Wharf was authorized by Order in Council to receive a salary of $100 per annum, and this amount only could properly be retained, but I am to inform you that as soon as your collections have been received, the question of salary or allowance to be made to you for your services will be considered.

I am also to inform you that if the amount collected is not forwarded without dalay, it will be necessary to hand over the papers to the Department of Justice in order that legal steps may be taken for the recovery of the money.

An early answer is requested.

I am, sir, your obedient servant,

WM. SMITH, *D.M. M. & F.*

A. CARNEY, ESQ., Wharfinger, Sault Ste. Marie, Ont.

AUDIT OFFICE, OTTAWA, April 8, 1896.

SIR,—I am in receipt of your letter of March 31st, stating that you had called on the Acting Wharfinger at Sault Ste. Marie, to deposit, without delay, the amount which he had retained. According to your letter to the Acting Wharfinger, a copy of which you enclosed, he has in his hands $1,393.04, after disbursing $605.53.

You have omitted sending the returns, and the statements of disbursements; please send them.

I wrote you March 8, 1895, calling your attention to the arrears of 1894, not accounted for. It is to be regretted that prompt action was not then taken to have this officer comply with the regulations. Why this officer who was in arrears a year ago has been allowed to retain all his collections during the season of 1895, certainly calls for some explanation. What are the amount and nature of the security you hold from him?

Officers collecting government money, do not seem to realize the position they are placing themselves in, by not promptly depositing or paying over their collections. You remember the recent case of a prominent officer of another department, who lost his situation, for retaining government funds amounting to less than $1,000; every cent of which he had deposited before any action had been taken against him.

I am, sir, your obedient servant,

The Deputy-Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 17, 1896.

SIR,—In the letter from your department dated March 31, last, it is stated that the Acting Wharfinger at Sault Ste. Marie, had been called on to deposit the amount without delay, which he had on hand, amounting according to his own returns to $1,393.04,

I do not find that anything has since come to account.

I assume that the same officer is in charge and collecting the fees accrued during the present season.

Does it not seem to you that this case calls for prompt and decisive action?

I am sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, August 25, 1896.

SIR,—In your letter of March 31 last, you stated that the Acting Wharfinger at Sault Ste. Marie had been called on to deposit without delay the amount of his collections he had retained. No deposit has since come to account.

The collections by this wharfinger during the season of 1894 amounted to $1,354.46. Of this amount $658.04 was deposited, $427.33 disbursed, leaving a balance on hand of $269.09.

The collections during the season of 1895 amounted to $1,729.28, of which $605.53 was disbursed, leaving a balance on hand of $1,123.75.

Deducting the allowance to the wharfinger of $100 per annum, there is still a balance not accounted for of $1,192.84.

One of the staff of this office who recently visited the wharf informs me that the same person is still acting wharfinger, and that he is also a lockmaster on the canal, while the duties of wharfinger are attended to by his two sons who are paid $26 per month each out of the receipts.

Would it not be the proper course to take criminal action against an officer who neglects to deposit government funds that he collects?

I assume that it is not the intention of the department to allow the present state of affairs to continue, and will be glad to learn what action it is proposed to take.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, December 5, 1896.

SIR,—I have to remind you that I have had no reply to my letter of August 25 last in reference to the non-receipt of the fees collected by the wharfinger at Sault Ste. Marie.

I shall be glad to learn what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Re Wharfs and Piers.

AUDIT OFFICE, OTTAWA, June 18, 1896.

SIR,—I have to call your attention to the following memorandum showing the revenue from Cow Bay wharf (Port Morein) for 1894-95 and for 1895-96 as far as received :—

	1894-95.	1895-96.
July	$265 40	$ 51 56
August	110 08	37 17
September	100 34	45 60
October	126 78	54 00
November	67 86	54 30
December	46 00	24 00
	$716 46	$266 63
January	$ 89 73	
February and March	130 42	
April	127 71	
May	195 76	
June	87 20	
	$1,347 28	

You will observe the large falling off in the receipts for the six months to December 31, 1895.

Nothing has come to account, and no returns have been received for the revenue since December last.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 26, 1896.

SIR,—I beg to acknowledge receipt of your letter of the 18th instant calling attention to the revenue received from the Cow Bay wharf, and in reply I am to inform you that on the 16th instant a certificate of deposit for $98.02 for wharfage dues was received from the wharfinger, but as the statements were not correct they have been returned to the wharfinger for correction.

I am also to inform you that he has been called on to explain the cause for the falling off of the revenue as shown in the memorandum contained in your letter.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.&F.*

MARINE AND FISHERIES DEPT., OTTAWA, July 11, 1896.

SIR,—Referring to your letter of the 18th ultimo calling attention to the falling off in the revenue at Cow Bay wharf I have the honour to enclose for your information a copy of a letter received from the wharfinger giving explanations in the matter.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.&M.F.*

PORT MOREIN, CAPE BRETON, N.S., July 6, 1896.

SIR,—Referring to your letter of June 26, No. 4132, requesting an explanation of the falling off in receipts for the half-year ended December 31, 1895, I beg to say that in 1892, the local government legislated into existence a corporation now known as the Dominion Coal Co , which has taken over all the coal mines on this side of the county. This company has concentrated their efforts in developing the Glace Bay mines and steadily decreased the output from the mines in this place, and last year shipment from this place totalled 40,000 against 173,000 tons when in the hands of the former proprietors. In addition they now ship nearly altogether by rail from Louisburg and Sydney instead of from the shipping piers in this bay.

There were no collections in February or March and returns were sent when there was anything to account for.

I remain, &c.,

The Duputy-Minister Marine & Fisheries. ARCH. McKINNON, *Wharfinger.*

AUDIT OFFICE, OTTAWA, February 4, 1896.

SIR,—I have received your letter of January 15 last enclosing a memorandum in regard to collections of wharfage dues at Anse St. Jean, Chicoutimi and Beauport.

You omitted furnishing the information asked for in my letter of September 15, 1894. Without it there is no means of determining the periods covered by the amounts collected by the Department of Justice.

At Anse St. Jean, during the season of 1895, the collections amounted to $101.62. Nothing came to account from this wharf for the season of 1894, nor for 1893 unless included in amount collected by the Department of Justice. Neither in your letter nor in the memorandum are there any explanations why nothing came to account during those years.

The wharfinger at Chicoutimi deposited $80, April 4, 1894, presumably for the collections of 1893 ; and $150, April 27, 1895, presumably for the collections of 1894. No returns from the wharfinger for either year has reached this office. It is satisfactory to note that the returns for part of last season have been furnished and the deposits made from time to time, but not so frequently as they should. Neither deposit nor return has been received since those for September last.

It is stated in the memorandum that no collections were received from Beauport, but no reason is given, nor any information as to what steps had been taken in reference thereto.

I have to request further information as to the above.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 20, 1896.

SIR,—Deposits have come to account from the undermentioned wharfs as revenue of 1895-96, but no returns have been furnished :—

Quebec :	
Baie St. Paul	$134 76
Les Eboulements	59 00
St. Jean d'Orleans	65 50
Tadousac	110 64
Prince Edward Island :	
Hickey's Wharf	12 00

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 20, 1896.

SIR,—I have to call your attention to the following list of wharfs under control of your department, from which no revenue and no returns have been received. From some of these revenue came to account during 1894-95 as set down opposite each :—

Ontario :—Sault Ste. Marie (see my letter 17th inst.), Summerstown.

Quebec :—Beauport, Cascades, Echo Vale, Lake Megantic, L'Islet, $3.99 in 1894-95, Megantic, Rimouski, Trois Pistoles, Nil return for July, 1895.

Nova Scotia :—Arisaig, $37 in 1894-95, Avonport, Broad Cove, Broad Cove Marsh, Brooklyn, Canada Creek, Chipman's Brook, Cranberry Head, Delap's Cove, Eagle Head, East Bay, East River, Grand Narrows, Victoria Co., Grand Narrows, Cape Breton Co. $180.48 in 1894-95, Hall's Harbour, Irish Cove, $37.90 in 1894-95, Maitland, Hants Co., $48.56 in 1894-95, Militia Point, Pickett's Wharf, Plymton, Port Brulé, Tancook Island, Tracadie, Tusket Wedge, Wallace, West Pubnico, $11.50 in 1894-95, West River, Sheet Harbor, White Point.

New Brunswick :—Quaco, St. Louis.

Prince Edward Island :—Annandale, $59.46 in 1894-95, Campbell's Cove, China Point, $16.50 in 1894-95, Clifton, Higgins Shore, $1.02 in 1894 95 for May 1892, McGee's Island, Mink River, Murray Harbour South, $10 in 1894-95, Nine Mile Creek, Pinette, Souris.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE OTTAWA, June 22, 1896.

SIR,—I have to call your attention to the following wharfs from which revenue has come to account for only part of the season of 1895 :—

Rivière du Loup, Que. The return for August is the last received.

Morden, Nova Scotia. The return for September is the last received.

Port Hood, Nova-Scotia. The return for July is the last received.

Pownal, Prince-Edward Island. The retnrn for September is the last received.

I have also to point out that the following wharfingers have not deposited their receipts as promptly as the regulations call for :—

Megantic :	Receipt of	1893	$ 7 92,	deposited	Sept.	30, 1895.
"	"	1894–95	$16 00,	"	Dec.	6, 1895.
Chicoutimi :	"	May, June, July	$84 48,	"	Sept.	3, 1895.
"	"	August	$49 00,	"	Oct.	9,
Murray Bay :	"	July, August	$89 40,	"	Oct.	3, 1895.
"	"	Sept., Oct., Nov.	$57 59,	"	Jan.	3, 1896.
Rivière du Loup :	"	July and August	$88 31,	"	Oct.	1, 1895.
St.-Alphonse :	"	May, Sept.	$154 49,	"	Oct.	11.
Belfast, P.-E.I., :	Receipts of	whole season	$84 87,	"	Jan.	25, 1896.
Brush Wharf :	Receipts	May, June, July	$41 45,	"	Aug.	20.
"	"	Aug., Dec.	$80 17,	"	Jan.	10, 1896.
Lewis Point :	"	for whole season	$71 58,	"	Feb.	2, 1896.
Tignish :	"	"	$54 46,	"	Jan.	23, 1896.

Yours respectfully,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, August 22, 1896.

SIR,—I have to remind you that I have not received any reply to my letters of June 20 (2) and 22 in reference to the revenue from wharfs and piers.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A. G.*

Re Harbour Dues.

AUDIT OFFICE, OTTAWA, June 20, 1896.

SIR,—The only amounts that have come to account during the present fiscal year for harbour dues are as follows :—

Fort William, Ont.	$16 50
Port Arthur "	3 00
St. Johns Que.	95 00
Burrard Inlet, B.C.	28 50

I assume that returns have been furnished to your department by all the harbour masters. I have to ask for a statement of the returns received for the season of 1895, showing the allowance authorized and the receipts in each case.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, August 22, 1896.

SIR,—I have had no reply to my letter of June 20 last in reference to harbour dues.

I have again to ask for a properly certified statement of the returns for the season of 1895, showing in each case the allowance authorised and the receipts.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Re Sale of the "Miramichi."

AUDIT OFFICE, OTTAWA, February 25, 1895.

SIR,—The sum of $150. came to account on your revenue statement No. 3 of December 15 last for proceeds of sale of the S. S. "Miramichi." This sale seems to have been made under the directions of Mr. John S. Clute, collector of customs at New Westminster. The vouchers are not certified by Mr. Clute. The auctioneer's account is dated Vernon, B.C., where presumably the sale was made. The only paper in which it was advertised was the Vernon *News*, the account for which I am returning as it it not certified by the Queen's Printer. Instead of depositing the proceeds to the Receiver General in the Bank of Montreal at Vernon, a draft was purchased on the New Westminster Branch.

The vouchers do not bear any evidence of having been examined and approved in your department.

I am, sir, your obedient servant,

The Acting Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 28, 1895.

SIR,—Referring to your letter of the 25th ultimo returning account of the Vernon *News* for $5.00 for certificate, I have the honour to enclose herewith the account referred to duly certified.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *Acting D.M.M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, Jany. 8, 1896.

SIR,—I have to acknowledge the receipt of your letter of the 7th instant, stating that certain letters from you to this department, to which you have had no reply, will appear in your report now being prepared for Parliament. One of these letters, you state, was dated the 25th February, relative to the sale of the steamship "Miramichi", and that the reply was incomplete. In regard to your letter of the 25th February, I have to request you to state in what particular the reply sent you is incomplete.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, January 11, 1896.

SIR,—I have your letter of the 8th instant inquiring in what particulars your letter of March 28 last was an incomplete reply to my letter of February 25 previous.

My letter of that date called your attention to the following facts in connection with the sale of the S. S. "Miramichi":—

(1) The net amount realized was $150.

(2) The sale was seemingly made under the direction of the collector of customs at New Westminster.

(3) The vouchers were not certified to by him.

(4) The sale took place at Vernon and was only advertised in one paper—the Vernon *News*.

(5) The account of the Vernon *News* which I then returned was not certified to by the Queen's Printer.

(6) Instead of depositing the proceeds of the sale at Vernon, a draft was purchased on New Westminster.

(7) The vouchers bore no evidence of having been examined and approved in your Department. Your letter of March 28th merely returned the account of the Vernon *News* certified by the Queen's Printer.

As I was publishing in my report a number of letters, to which I had received no replies I deemed it only courteous to inform you of that fact, that you might yet have an opportunity of replying to them. It would not have been literally correct to state that no reply had been received to the letter in question, and yet it seemed reasonable to think that a fuller reply should be made, and so I included it with the words "reply incomplete" attached.

I am, sir, your obedient servant,

The Deputy-Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, January 14, 1896.

SIR,—I have to acknowledge receipt of your letter of the 11th instant, having further reference to certain matters connected with the sale of the steamship "Miramichi," in which you call my attention to certain facts connected with the sale of that vessel; and, I am somewhat at a loss to understand what you wish in the matter. Your letters mention certain facts, but I cannot gather from your letters what it is that you want. For instance, take the first fact which you state, viz.: that the net amount realised was $150. While admitting the fact, I cannot understand whether you have any objection to the amount. As regards your second point, that the sale seemingly was made under the direction of the collector of customs at New Westminster, I will be glad if you will state what objection there was to the collector having the direction of the matter, if he had so, as a matter of fact. In regard to the third point, viz.: that the vouchers were not certified by him, I have to state, that if you will return the vouchers I will have them certified. With reference to your fourth point, viz.: that the sale took place at Vernon and was only advertised in one paper, kindly inform me what

objection you have to this. Your fifth point has been disposed of by the voucher being certified by the Queen's Printer. Also kindly inform me in regard to the sixth point, as to the objection you have to the purchase of a draft at Vernon instead of having the proceeds deposited at that place. Please inform me also if there is a Bank of Montreal Branch at Vernon. The seventh point I will answer later on.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M. M. & F.*

AUDIT OFFICE, OTTAWA February 18, 1896.

SIR,—Pressure of work in connection with the preparation of the report for Parliament has prevented me from sooner replying to your letter of January 14 last in reference to the sale of the S. S. "Miramichi."

As requested, I am now returning the vouchers in question for the certificate of the collector of customs at New Westminster. His certificate should state, the authority for the sale; that it was held at the most advantageous point; that it was properly and sufficiently advertised and held in due form; that the expenses were rersonable and fair; that the best price possible under the circumstances was obtained.

There is a branch of the Bank of Montreal at Vernon, and the proceeds of the sale should have been deposited there instead of incurring the expense of purchasing a draft on the branch at New Westminster.

I note your intention of replying later to the last point in my letter, viz: that the vouchers bore no evidence of having been examined and approved in your department.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 20, 1896.

SIR,—I have to acknowledge receipt of your letter of the 8th instant, in reply to mine of the January 14 last, relative to the sale of the steamship "Miramichi," and in reply I have to say with reference to your statements, that the vouchers should have the certificate by the collector of customs at New Westminster, and that his certificate should state the authority of the sale; that it was held at the most advantageous point; that it was properly and sufficiently advertised and held in due form; that the expenses were reasonable and fair; and that the best possible price under the circumstances was obtained: that on making inquiry of the collector of customs at New Westminster does not appear to have had any connection with the transaction beyond receiving the money sent him by the auctioneer and transmitting it to this department; I do not, therefore, see how he could be expected to comply with the requirements mentioned by you.

This vessel was seized by the government for an infraction of the Steamboat Inspection Act. The case was placed in the hands of the Department of Justice, who sent it to their agent at Vancouver, Mr. Charles Wilson, barrister, who had charge of the case. After placing the case in the hands of the Department of Justice this department had no supervision in the matter and no connection with the case until the proceeds of the sale were received from the collector at New Westminster.

Judgment was obtained against the owner of the vessel and in default of paying the fine the sale was held. Whether the vessel was sold at the best advantage, or whether she was sufficiently advertised; whether the sale was held in due form or not, this department cannot say. I presume, however, that the agent of the Department of Justice would take the precaution to arrange matters to the best advantage.

With reference to your statement, that the proceeds of the sale should have been deposited in the Bank of Montreal at Vernon, without incurring the expense of purchasing a draft on the bank at New Westminster, I may state that it is very probable that the auctioneer employed by the agent of the Department of Justice to sell the vessel at

Vernon, was unacquainted with the requirements of your office and no doubt thought he was following the proper course in sending the collector the draft instead of depositing the amount in the Bank of Montreal. I have sent a copy of your letter to the Department of Justice and that department may be able to provide the certificate you require, as to the sale being sufficiently advertised, held in due form, and stating the authority under which the sale was held.

With reference to my intention to explain why the vouchers bore no evidence of having been examined and approved by this department, I may state that the above reasons will enable you to see why no one of this department could certify the correctness of the accounts.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, February 29, 1896.

SIR,—I have received your letter of the 20th instant, stating that the case against the S. S. "Miramichi" had been placed in the hands of the Department of Justice, after which your department had no supervision in the matter, till the proceeds of the sale were received from the collector at New Westminster.

It is to be regretted that this information was not given when I wrote you first on the subject, February 25, 1895. I have to request that in future the vouchers and papers furnished will contain full information of all the facts connected therewith.

Though this case was transferred to the Department of Justice, there is no reason why it should not have been closely examined when returned to your Department. All returns furnished to this office should bear evidence of having been examined in your Department, and should be approved by the examining officer.

I note your statement that you transmitted a copy of my letter to the Department of Justice, with the view of procuring the certificate asked for.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 25, 1896.

SIR,—With reference to my letter of the 20th February, in which I stated that I had sent a copy of your letter of the 8th February to the Department of Justice to see if they could procure the certificates which you desired, I have to inform you that I am in receipt of a letter from the Department of Justice, of the 20th instant, inclosing a certificate from Mr. Clute, collector of customs at New Westminster, in which he certifies that the sale of the vessel took place at the most advantageous point; that notice of such sale was properly and sufficiently advertised; that the expenses incurred were fair and reasonable, and that the best possible price was obtained under the circumstances.

I am not aware that Mr. Clute was able to give personal attention to the details of the matter and in a position to furnish the certificate which he has sent, and I will be glad to know whether such certificate is satisfactory to you.

In your letter of the 11th January upon this subject, you appear to take objection to the fact that the sale of the vessel was only advertised in one paper, but I notice that Mr. Clute states that such sale was sufficiently advertised.

With reference to your observation in your letter of the 29th February, that, although this case was transferred to the Department of Justice, there was no reason why the vouchers should not have been examined when returned to this department, I have to inform you that an examination of the vouchers was made when they were returned to the department, but as I have already pointed out, there was no person in the department in a position to certify to their correctness. In regard to the statement in your last mentioned letter, that it is to be regretted that information concerning

the transfer of the case to the Department of Justice was not given when you first wrote on the subject, I may observe that the case was in the hands of the Department of Justice, and I deemed it advisable, when your letters of objections to certain details were received, to ascertain definitely from you what your requirements were with the object in view of stating them to Justice and requesting them (if possible) to obtain the information you required.

I return you the vouchers herewith.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. & F.*

Re Captain Belanger's Returns.

AUDIT OFFICE, OTTAWA, March 2, 1896.

SIR,—The returns of Captain Belanger, of the cruiser "Canadienne" show that he collected during May, June and July, 1895, $2,497.50 for licenses. Of this amount $2,195.27 was deposited on August 8, $193.25 at different dates in August, and $86.75 in October. The difference, $22.23, is made up of discount on drafts, and the $20. draft made on Emmanuel Legg, which has not been paid.

In addition to the above, Captain Belanger returns $804.10 collected by Overseer W. H. Whitely, during June and July, which was deposited on November 6.

In a considerable number of cases no licenses seem to have been issued, a receipt being given instead.

No counterfoils of licenses or receipts have been furnished, and license No. 618, has not been accounted for.

If it is not practicable for this officer's collections to come more promptly to account, he should explain the reason for it.

Is there any reason why licenses should not be issued to this and every other officer in books of 100, with instructions to return the counterfoils of each book immediately that the licenses have been issued?

What action has been taken in reference to the unpaid draft on Mr. Legg? When drafts are made for sums due the government, the bank charges should be added.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 12, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 2nd instant, asking for certain information in connection with Captain Belanger's returns on account of fisheries revenue.

With regard to this officer's delay in depositing his collections, I may say that the government steamer "La Canadienne" cruises up the north shore and the Labrador coast, delivering licenses and collecting fees thereon, and and on his return to Gaspé, his port of call and the nearest post office, he forwards the amount to this department. He will be instructed this season to remit any collections in hand whenever he arrives in any port where there are facilities for doing so.

Captain Emmanuel Legg's draft for $20. on Messrs. Lawson, Harrington and Co., was placed in the Bank of Montreal, Ottawa, for collection on the 9th August, 1895, and was returned to the department on the 22nd of the same month, payment having been refused on the ground that the Captain had no authority to draw. On the 24th August, the draft was sent to Captain Belanger, with instructions to present it for payment, but up to date the amount has not been received. Captain Belanger's attention will be at once called to the matter with a view to securing an immediate settlement.

The reason why receipts instead of licenses were given in a number of cases, is owing to Captain Belanger having neglected to apply for another book of trap net license forms when the supply sent to him was exhausted, and when he found he required more he issued receipts, although he had some unused forms in his book of salmon licenses which with slight alteration would have answered the purpose.

License No. 618 was not issued and is attached to the counterfoil in the license book which will be forwarded to your office as soon as the salmon licenses for 1896 which are being issued from this department are made out.

The only license book that will be sent to Captain Bélanger this season will be for cod trap nets, and will contain only 250 licenses, numbered from 501 to 750.

Captain Bélanger is being instructed to add a commission of 1 per cent to pay for collection whenever he is obliged to accept drafts in payment of license fees.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, June 4, 1896.

SIR,—In your letter of March 12, last you stated that Capt. Bélanger's attention had been again called to the non-payment of the draft made by Capt. E. Legg on Messrs. Lawson, Harrington & Co., which he had accepted in payment of a license, with the view of securing immediate payment.

I have to enquire if the draft has yet been paid.

Would it not be advisable to notify your officers not to accept drafts in payment of licenses.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 12, 1896.

SIR,—In reply to your letter of the 4th instant, I beg to inform you that Captain Bélanger, in a letter, dated 24th March last, reported that he had written to Captain Emmanuel Legg and received no answer. On making further inquiries he was informed that Captain Legg was sailing in the West Indies, and that the date of his return was not known. The only means of collecting the draft is to wait until Captain Belanger meets Captain Legg ou the Labrador coast (which occurs every year) and then get the fee from him. This plan has been approved by the department.

Captain Bélanger is the only officer of this department who accepts drafts, and then only when he is not able to get the money.

I am, sir, your obedient servant.

The Auditor General. F. GOURDEAU. *D. M. M. & F.*

Re Shortages in Remittance.

AUDIT OFFICE, OTTAWA, February 22, 1896.

SIR,—In addition to the shortages previously written about, it seems there was also a shortage of $41.63 in the remittance of John Phelan, ex-fishery officer, Port Daniel.

I have to ask for particulars in connection with this matter, and information of the action of the department in reference to this and former shortages.

The only voucher furnished, is a memo without any date or signature, but seemingly made out in your department. The statement or letter of the officer is required, with a full account of all the facts.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A. G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 14, 1896.

SIR,—In reply to your letter of the 22nd ultimo, relative to the shortage in the remittance of John Phelan, ex-fishery officer, Port Daniel, I have the honour to inform you that, on the 8th June, 1893, this officer sent a letter to this department, which was received here on the 14th June, stating that he enclosed $48.63 as per appended statement, on account of fishery license fees.

Mr. John Hardie, a chief clerk of this department, on opening the envelope found it contained only two cheques amounting to $7, and the monthly return above mentioned.

On the 15th June Mr. Phelan was advised of the shortage in his remittance and was asked for an explanation or suggestion as to what had become of the balance. He was also informed that the matter had that day been placed in the hands of the Post Office Department for investigation.

On the 22nd June Mr. Phelan's letter giving his account of the loss of the money from his registered letter was transferred to the secretary of the Post Office Department, in whose possession it is at present.

On the 4th September the secretary of that department informed me that nothing had been discovered to indicate that the letter was tempered with in transmission through the mail, and that the inspector was of opinion that the trouble was in the Department of Marine and Fisheries.

On the 26th September, I wrote to the secretary of the Post Office Department and expressed my dissent from the inspector's opinion.

No further correspondence took place, and the services of John Phelan as an officer of this department were dispensed with on the 21st October, 1893.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. WM. SMITH, *D.M.M. & F.*

Re Refunds and Charges against Fisheries Revenue.

AUDIT OFFICE, OTTAWA, April 2, 1896.

SIR,—Though I have not received any reply to my letter of March 27, 1895, in reference to refunds and charges against Fisheries Revenue, I am pleased to observe from the cheques issued this year, that each cheque is now made out in favour of the person entitled to payment, instead of as formerly in favour of the fishery officer covering one or more refunds to be by him distributed.

The voucher (which is merely an unsigned memo) furnishes more information than formerly. I have to request that in future the date of payment and a short memo of the circumstances that occasioned the refund may be given; and that it be signed by yourself and the accountant.

In the meantime please explain the circumstances connected with the refund of $1,500 to J. M. Savage.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 22, 1896.

SIR,—Referring to your letter of the 7th ultimo, relating to the refunds and charges against fisheries revenue, I beg to state that, in future, a duplicate copy of letters covering refund of license fees will be sent you for your information, as the reasons for making such repayments are always stated therein. I hope this arrangement will meet your wishes in the matter.

With regard to the refund of $1,500 to Mr. J. M. Savage, I may say that that sum was paid by him to this department with a view to having a claim to certain

fishery privileges, and as there were other applicants therefor, it was deemed advisable, pending a decision in the matter, to return him the $1,500, so that he would have no claim against this department.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

Re Fisheries Revenue.

AUDIT OFFICE, OTTAWA, March 21, 1896.

SIR,—Inspectors do not enter on their returns the date of the receipt of remittances from the overseers, and the overseers do not enter on their returns the date when they remit to the inspectors. Please direct that the dates shall be entered on both returns.

When a bank is convenient, overseers should deposit and forward the bank receipt to the inspector instead of remitting the money. They should deposit or remit whenever they have $25 or more on hand.

I have to enquire if regular licenses are issued for smelt and bass fishing. I have not been furnished with a statement of the lisense form issued to the inspectors this season. There is no record of any license forms for smelt or bass on the return of license forms issued to inspectors, which was furnished to this office.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 26, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st instant, relative to fisheries revenue returns.

In reply I have to state that this department is looking into the matter of inspectors and overseers entering in their returns the date on which they make their remittances.

The fishery officers have instructions to make their deposits, in a bank where possible, as well as to deposit or remit whenever they have $25 or more on hand.

A statement of the smelt and bass fishery licenses issued this season by the inspectors is being prepared and be furnished you as soon as possible.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, March 31, 1896.

SIR,—I have received your letter of the 26th instant in connection with the license books for 1895, that had been forwarded to the inspectors.

In this letter you have omitted making any reference to the forms for oyster licenses issued to Inspectors Bertram, Hockin and Lord.

Please let me have a statement of the forms issued to the inspector during the present year.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheri s. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 16, 1896.

SIR,—Considerable time seems to elapse between the date of some of the licenses issued by your department and the deposit or remittance of the fees by the inspector.

Inspector Chadwick's return for December contains 12 licenses for $50 each, which were issued in June. The column on the return in which the date of the receipt of the money should be entered is blank. The deposit was made in the Bank of Montreal here on January, 9th 1896.

Is it the usual practice to issue a license before payment of the fee? If not, under what circumstances are they issued, and how long are the inspectors allowed in which to account for them? No means are furnished this office to determine that the inspectors are prompt in remitting for such licenses. They should be required to enter on their monthly return any licenses on hand.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. JOHN GORMAN, *for A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 26, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant., relative to Fishery overseer C. W. Chadwick's remittances on account of fisheries revenue.

In reply I may state that the delay to which you refer, is owing to the fact that Overseer Chadwick's division (Lake of the Woods) is practically a new one, and very little fishing was done there before 1895. After the licenses were issued so many applications were received for transfer of licenses and alteration of limits, that the minister ordered an investigation, with a view to ascertaining who were entitled to licenses, and what were the proper fishing limits. This necessarily caused great delay in the delivery of licenses, but as the division is now properly reorganized, this is not likely to occur again.

It is customary to issue the licenses as early as possible, so that the department may know who intend fishing, but the overseers are instructed not to deliver the licenses to the applicants until the fee thereon has been paid. It cases where the licensee does not begin fishing until the Fall, the licenses may be held for several months.

Fishery officers will be instructed to furnish lists of licenses on hand, at the end of every month.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, March 16, 1896.

SIR,—I am returning herewith books of licenses for 1893 that were furnished to Inspectors Chapman, Pratt and McNab, and afterwards returned by them. These are the only books for 1893, that were furnished this office. None were received for 1894. For 1895 books have been received from Inspectors Miles and Chapman, which are now returned.

The books furnished to the other inspectors are needed to enable an audit to be made, and I have to request you to insist on their being returned at once.

If it is intended to continue the practice of inspectors issuing the licenses, I would again suggest that the licenses should be bound in books containing only 100 instead of 500, and immediately that 100 licenses are issued the counterfoils should be returned; also when payment is made in person the payer should sign the counterfoil.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. JOHN GORMAN, *for A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 26, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant, asking that you be furnished with the fishery license books necessary to complete your audit.

In reply I beg to state that the license books for 1895 have been received from inspectors Pratt, McNab, Gilchrist and Captain Belanger, and will be sent to you at once. Inspector Tupper's book has not been returned and he has been again instructed to send it without delay. It will be forwarded to you as soon as received here.

With regard to your suggestion that the licenses be bound in books of 100 each, I may state that as the supply for this year has long since been ordered and completed, it is too late to carry out your views, but next year it is the intention of this department to issue them in that form.

The Fishery inspectors are being instructed to ask the licensee to sign the counterfoil whenever possible, but when the licenses are applyed for by the overseers and sent to them for delivery, it will not be possible to obtain a signature.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. & F.*

Re Sturgeon Licenses.

AUDIT OFFICE, OTTAWA, March 16, 1896.

SIR,—The returns of Overseers Belyea and Case included in the return of Inspector Miles for July last, account for 17 licenses at $15 each, issued for sturgeon fishing on the St. John River.

Please explain the absence of any corrresponding licenses in previous years.

I am, sir, your obedient servant,

The Deputy-Minister Marine & Fisheries. JOHN GORMAN, *for A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 26, 1896.

SIR,—In reply to your letter of the 16th instant, asking for explanations regarding the absence of licenses for sturgeon fishing on the St. John River previous to last year; I have the honour to state as such fishing was only permitted by Order in Council, dated 16th May, 1895, it was not necessary to issue licenses previous to that date.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. & F.*

Re Sale of Fish.

AUDIT OFFICE, OTTAWA, March 16, 1896.

SIR,—The officer in charge of the hatchery at Sandwich, accounts each year for the sale of parent fish. In 1892-93 the proceeds amounted to $1,369.61, in 1893-94 to $ 00, in 1894-95 to $562, and a deposit of $500 was made December 14, 1895. Part of the proceeds of 1894-95 was a deposited of $400, and for t is and the deposit of $500 no satisfactory vouchers have been furnished.

The officer in charge of the hatchery at Selkirk made a deposit of $453.30 on February 12, 1895, the proceeds of fish sold in October previous. What is the explanation of the delay in depositing? I do not find that anything has since been received from this officer for fish sold.

The officer in charge of the hatchery at Restigouche accounted for $7.95 in October, 1894, as proceeds of sale of fish, but nothing since.

I do not find that anything came to account during 1894-95 or since for proceeds of sale of fish at any of the other hatcheries.

I shall be glad to hear from you in reference thereto.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. JOHN GORMAN, *for A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 26, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th inst., touching the sale of parent fish at the Government hatcheries at Sandwich, Selkirk and Restigouche.

In reply I beg to inform you that the officer in charge of the Sandwich hatchery has instructions to sell all injured fish and to liberate the uninjured ones. The whitefish at this hatchery are taken in November, and confined in crates until ready to spawn. As the close season for whitefish in Canada is during that month, the fish cannot be sold here, but are sent to the United States market where the officer in charge makes the best possible arrangements as to the price per pound and the terms of payment.

The injured fish at Selkirk are sold to the Manitoba Fish Company, who hold contra accounts. Owing to the small catch last year, there were no fish for sale.

The parent fish at Restigouche are kept in large retaining ponds instead of crates, and it is therefore the exception to have any injured fish to offer for sale.

I am, sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, March 31, 1896.

SIR,—I have received your letter of the 26th instant in reply to mine of the 16th in reference to the sale of fish.

You have not referred to the absence of vouchers for the sales made by the officer in charge of the hatchery at Sandwich; nor do you make any explanation why there is no fish sold at the other hatcheries.

I am, sir, your obedient servant,

The Deputy-Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Re Ontario Licenses not Accounted For.

AUDIT OFFICE, OTTAWA, March 9, 1896.

SIR,—The following Ontario licenses issued by your department for the year 1894-95, do not seem to be accounted for by the fishery officers to whom they were sent; nor have they been returned to this office:—

Date.	No.	Fishery Officer.	Licensee.	Amount.
1894.				$ cts.

If any of these licenses were returned to your department and cancelled, the cancelled licenses should be forwarded to this office.

I have to remind you that I have had no reply to my letter of March 5, 1895, calling attention to several licenses that had not been accounted for.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, August 22, 1896.

SIR,—I wrote you March 9 last, giving a list of Ontario licenses that had not been accounted for by the officers to whom sent.

I have had no reply and would again call your attention to the subject.

I am, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A·G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 21, 1896.

SIR,—In reply to your letter of the 9th March, and 22nd August last, *re* a list of outstanding licenses, I am to inform you that 13 of these licenses were issued to Overseer John Jackson, who left his district without accounting for them. The three licenses in Overseer Elliott's name were issued to these persons to legalize their fishing as they had already paid and held receipts from Overseer Jackson for the amounts. The license to Overseer Pollock was paid for by D. H. McDonald direct to the department—deposit receipt No. 4157—dated 15th February, 1894. License to Overseer Charles Briggs, was paid by Charles Briggs 28th March, 1896 deposit receipt No. 4626. License to Geo. Lake was paid on 20th March, 1896, receipt No. 4544. The fees on three licenses to Overseer F. J. Smith, of Midland, were sent to department by registered letter, but on the letter being opened no money was found enclosed. The Minister was satisfied that the money had been enclosed and the letter had been tampered with before reaching the department. The licenses issued to Mr. McCrae have been paid for by him in instalments as follows:—7th April, 1896, receipt 4722, the sum of $24, on 18th May, 1896, receipt 244—sum of $15, thus making an over-paymentof $2, which amount has been credited to his licenses for 1896. No statements have been received from him nor could they be obtained as he is now a resident of Buffalo, United States.

License to C. W. Chadwick was paid on 10th April, 1896, receipt No. 4,765.

License to Donald McDonald was paid by Dr. Bergin, M.P., on 22nd April, 1896. receipt No. 7685. In Overseer Wigle's licenses, $100, was paid for Gilbert Deslaurier license No. 703, on 20th December 1895, he having only fished with 2 pound nets, the fee on which is $100. Moody & Coulson's license No. 735 was paid on 12th February, 1896, receipt No. 4092. The other licenses were returned by Overseer Wigle for cancellation stating they were not used, but were returned to him for affidavits to that effect. This matter is being further enquired into as explained in my letter of the 15th instant.

I am, sir, your obedient servant,

F. GOURDEAU, *D.M.M. & F.*

The Auditor General.

Re Returns of Overseer E. Wigle.

AUDIT OFFICE, OTTAWA, August 22, 1896.

SIR,—Referring to my letter of March 9, last, I have to call your attention to the account of Overseer Everett Wigle. At that date 8 licenses issued to this Overseer in February, 1895, amounting to $650, and 2 licenses issued in May, 1895, amounting to $150, were unaccounted for. Since then, two licenses amounting to $200, have been settled for.

In March last, 13 licenses were issued to this overseer amounting to $1,550, from which nothing has come to account.

In the fiscal year 1892-93, $2,200 was collected by Overseer Wigle in 1893-94, $1,954.65, in 1894-95, $855, and in 1895-96 only $450 has come to account.

Please explain, particularly the fact that so much money has been unaccounted for during so long a period. Surely the overseer must have received the payment of the

license fees within a few days after the licenses were sent to him. Is there not a rule that the money must be paid before the license is sent from your department?

I am, sir, your obedient servant,

The Deputy-Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, August 31, 1896.

SIR,—In reply to your letter of the 22nd instant, asking for explanations in connection with Fishery Overseer Everett Wigle's delay in accounting for license fees, I have the honour to state that part of the amount in question, namely, $650, represents the fees on 8 licenses for 1895, which were returned by that officer for cancellation, only after the fishing season had closed, but which this department declined to accept unless he guaranteed that the persons in whose favour they were issued had not fished during the season. The balance of the amount, namely $1,550, is for this year's licenses which were sent to him in accordance with the usual practice, for delivery to the licensees on payment of the fees.

The department is at present unaware whether any of these parties fished or not, as the overseer has so far neglected to answer our letter on this subject, and it has now been decided to place the whole matter in the hands of the Department of Justice, with a view to taking such steps as may be necessary for the collection of these license fees.

The practice with regard to the issue of licenses is that the fishermen should pay the overseer before their licenses can be delivered to them, and no fishing should be allowed before the licenses are delivered and paid for.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

Re Moorage and Wharfage—Quebec.

AUDIT OFFICE, OTTAWA, December 2, 1896.

SIR,—The sum of $223.08 was deposited by your agent at Quebec during 1895–96 for moorage and wharfage of the following vessels: "Miramichi" $6.90; "Campania" $44.24; "Orinoco" $19.50; "Campana" $135.02, and "Savoy" $17.42.

As no such revenue has come to account, of late years at least, I have to ask for further information in reference theroto, why there was no revenue in former years, fuller particulars of the charges made, and if anything was collected during the season just closed.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Deputy-Minister Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, December 11, 1896.

SIR,—Referring to your letter of the 2nd instant making inquiry in regard to collections of moorage and wharfage dues by the agent of this department at Quebec, I beg to enclose for your information copy of a letter received from the agent giving the information desired respecting this matter.

I am, sir, your obedient servant,

The Auditor General, F. GOURDEAU, *D.M.M. & F.*

QUEBEC, December 7, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 4th instant requesting me to report for the information of the department upon the Auditor General's letter of the 2nd instant, *in re* moorage and wharfage, Quebec.

1st. Why was there no revenue in former years?

2nd. Fuller particulars of the charges made?

3rd. If anything was collected during the season just closed?

In answer to the 1st question why there was no collections in former years, I beg to state that it was because no one made use of the wharf excepting ourselves, having then the "Napoleon III" or the "Alert" as well as the "Druid" and at certain times "La Canadienne", besides the quarantine steamers making use of it. The reason why the "Miramichi" and the "Campana" applied for the use of the wharf was because until this summer there was no other wharf suitable on account of their main hatch-way requiring a deep slip. The "Savoy", Mr. Menier's vessel, also came to the wharf to embark animals for Anticosti, owing to the same advantages.

Since the opening of this season the Napoleon wharf with an excellent pontoon formerly occupied by the Richelieu & Ontario Navigation Company, has been thrown open to the public and such vessels now go there.

2nd question,—The charges made were according to the tariff established by Order in Council, dated 12th June, 1889, and being the same as collected at other government wharves.

3rd question,—There was a small amount collected this year, which will be deposited to the credit of the Receiver General at an early date.

I have also an account against the Department of Agriculture for the use of the wharf this season amounting to $150, which I drew your attention to. This amount has not yet been paid.

I am, sir, your obedient servant,

J. U. GREGORY, *Agent.*

The Deputy-Minister Marine and Fisheries.

Re Coal sold Madden & Ellis.

AUDIT OFFICE, OTTAWA, December 3, 1896.

SIR,—In February last a deposit was made of $671·19 by your agent at Quebec for proceeds of coal sold to Madden & Ellis. The voucher furnished, which is not dated and not signed, is as follows:—"Amount collected from Messrs. Madden & Ellis for coal and deposited to credit of Hon. Receiver General.

$510\frac{1300}{2240}$ tons of coal at $2.52.....		$1,286 66
From which deduct for coal supplied to Str. "Constance" in 1895.....	$578 47	
Paid to G. Andrews for tallying and delivering coal as per receipt attached...	37 00	615 47
E. & O. E."		$ 671 19

The receipt is dated February 22, 1896, and is for 37 days delivering and tallying coal at $1 per day.

I have to enquire when, for what purpose, and at what price this coal was purchased, why it was sold, if the sale was by public auction or by tender, and why the coal supplied the steamer "Constance" was not made a charge against the appropriation. A voucher properly certified should be furnished for this coal. The charge of 37 days' services delivering 510 tons seems to call for some explanation.

I am, sir, your obedient servant.

The Deputy Minister-Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 9, 1896.

SIR,—In reply to your letter of the 3rd instant relating to coal purchased by Messrs. Madden & Ellis from this department and coal purchased by the department from Messrs. Madden & Ellis for the "Constance", and enquiring why the coal purchased for the steamer "Constance" was not made a charge against the appropriation, I have to inform you that the sum of $578.47 was made a charge against the appropriation.

With regard to furnishing a voucher for this coal I have to inform you that your letter is not sufficiently clear to indicate what coal you refer to. A voucher was supplied for the coal which went on board the "Constance." The coal sold to Messrs. Madden & Ellis was on the wharf at Quebec, the property of this department, it had become injured by spontaneous combustion and was sold to Messrs. Madden & Ellis, whose offer was the highest of three. The department owed Messrs. Madden & Ellis the sum of $578.47 for hard coal supplied the "Constance" at Gaspé and Quebec. As the department had no funds available to pay the account, the vote for the "Constance" having been exhausted, they were therefore given credit for their bill against the department in the account against them.

The transaction was a favourable one and in the public interest. The charge of $37 service for delivering the coal does not appear to require any explanation as services were rendered for the money paid and the receipt was forwarded to you.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, December 18, 1896.

SIR,—I am in receipt of your letter of the 9th instant in reply to mine of the 3rd, asking for information as to a sale of coal to Messrs. Madden & Ellis, Quebec.

From the amount of this sale, $578.47 was deducted for coal supplied the Str. "Constance." You state that this amount was charged against the appropriation. I do not find any such charge. Please state when and how it was made.

You also state that the department had no funds available to pay Messrs. Madden & Ellis when they delivered the coal to the "Constance," and in consequence this method of settling it was adopted. I do not understand this explanation in view of the former statement that the amount was charged against the appropriation.

I may add that it is not allowable to supplement an appropriation out of proceeds of the sale of damaged supplies.

The charge of 37 days' services delivering 510 tons of coal, you consider does not require any explanation, as services were rendered and a receipt furnished. You must have overlooked the regulation that requires an account to be certified by the officer under whose special charge such part of the public service is, that the work has been performed and that the price charged is fair and just. And some explanation should be made why it took such a length of time as is charged for.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Re Casual Revenue.

AUDIT OFFICE, OTTAWA, December 3, 1896.

SIR,—I have again to call your attention to the returns furnished by your agents of the casual revenue collected. Full particulars of each item should be given, the date of receipt and the date and bank in which deposited. All vouchers should be certified by the agents, and the advertising accounts by the Queen's Printer. The returns and vouchers should be examined in your department, and if found satisfactory should be marked "Examined and Approved" and be signed by the examining officers and the accountant.

I shall be glad to know what check you have that all the money collected is accounted for. Could the agents not use receipt books with printed consecutive numbers and give a receipt for each payment?

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 18, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 3rd instant calling attention to the returns furnished by the agents of this department of the casual revenue collected and suggesting that certain directions be given them in the matter. In reply, I beg to say that your suggestions will be carried out and the agents instructed accordingly.—

As regards your inquiry as to the check the department has that all collections have been accounted for, I may remark that the agents and other officers are required to give full and detailed statements of all revenue collected by them, and that every precaution, available, is taken to see that all moneys received are strictly accounted for, but you will readily understand that it is possible, with every care, lapses might occur through dishonest officials not giving full returns. For instance, the agents periodically examine the books and vouchers of the wharfingers and, so far as they can ascertain, find them generally correct. I have, myself, personally inspected some wharves and the books and accounts of the wharfingers on the spot, and, while everything seemed correct and satisfactory, it is quite possible, through collusion between the wharfinger and the person using the wharf, top and side wharfage could be appropriated and divided between the two. This is possible, but I do not believe probable, and I am of the opinion that the system, now in vogue, for the collection of the revenue is quite efficient, but, at the same time, if public officers are dishonest it would require a regularly organized detective system to expose their dishonesty. I presume it is not contemplated to provide such a service?

With reference to supplying the agents with consecutively numbered receipt books, I do not see the utility of this expense, but, if it is your wish to have them introduced, I will have your suggestion carried out.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, December 23, 1896.

SIR,—I am in receipt of your letter of the 18th instant, and note your statement, that the suggestions contained in my letter of the 3rd instant will be carried out, and also that every precaution available is taken to see that all moneys received are strictly accounted for.

As to collecting officers issuing receipts on forms with printed consecutive numbers and counterfoils, I have to say that the practice has been adopted by several departments and found of good effect. It may not be practicable for the wharfingers to issue these receipts and I did not contemplate their doing so, but I certainly think the agents should.

I am, sir, your obedient servant,

The Deputy-Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Re Pointe Ste. Anne Property.

AUDIT OFFICE, OTTAWA, December 3, 1896.

SIR,—Your agent at Quebec reported in October, 1894, that the Pointe Ste. Anne property had been sold to Octave Côté for $200, of which $50 was paid at the time, and the balance was to be paid in three equal annual instalments. I do not find that anything has come to account except the first payment made at the time of the sale. I have to inquire on what authority and in what manner this sale was effected, and what action is being taken to have the terms carried out.

I am, sir, your obedient servant,

The Deputy-Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G*

MARINE AND FISHERIES DEPT., OTTAWA, December 7, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 3rd instant, inquiring in regard to the balance due by Octave Côté on the Pointe Ste. Anne property, and, in reply, I am to inform you that Mr. Côté neglected to pay any further amount than the first instalment of $50, and it has been deemed advisable to dispose of the property to Louis Blanchet, of Cape Chatte, for the sum of $100. The sale of the property to Mr. Blanchet was confirmed by Order in Council of the 11th August last, and on the 3rd instant, Letters Patent for the grant to Mr. Blanchet were received from the Secretary of State, and have been forwarded to our agent at Quebec to hand to Mr. Blanchet.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

Re Magog Hatchery.—Rent of Room.

AUDIT OFFICE, OTTAWA, December 3, 1896.

SIR,—I have to ask for information as to a deposit of $182.85 made in June last by A. H. Moore for rent of room at Magog Hatchery. A further sum of $10 has since been deposited for the rent for April and May last.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy-Minister, Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, December 7, 1896.

SIR,—In reply to your letter of the 3rd instant, asking for information as to a deposit of $182.85 made in June last by A. H. Moore for rent of room at Magog Hatchery, and of a further sum of $10 since deposited for the rent for April and May last, I have the honour to state that this department called upon Mr. Moore for an account of the rent received by him for certain living rooms at the Magog Hatchery, which he had sublet, for some years, under a verbal agreement with Mr. S. Wilmot, the late Superintendent of fish culture. This rent had not been paid over as Mr. Moore had a *contra* expenditure, the details of which are now under the consideration of this department, having only recently been received from Mr. Moore.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, December 4, 1896.

SIR,—I beg to acknowledge the receipt of your letters of 5th and 27th October last asking for a detailed statement of arrears due to this department to 30th June last, and in reply I beg to enclose you herewith a statement of arrears of license fees due on that date.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

Re Arrears due.

AUDIT OFFICE, OTTAWA, December 7, 1896.

SIR,—I am to-day in receipt of your letter of the 4th instant, enclosing a statement of Fishery License Fees in arrears. This statement includes licenses of 1895 amounting to $650, and licenses of 1896 amounting to $1,550 sent to your Agent, E. Wigle.

I called your attention in August last to the unsatisfactory state of this Agent's accounts, and in your reply, dated August 31, you stated that Mr. Wigle had returned the licenses of 1895 for cancellation after the fishing season had been closed, which the department declined to accept unless he guaranteed that the parties had not fished during the season. You also stated that the department was not aware whether the parties in whose names the licences of 1896 were issued had done any fishing, as up to that time the agent had neglected answering your letter on the subject and that you had then decided to place the whole matter in the hands of the Department of Justice. Under these circumstances do you think it proper to publish as in arrears the parties in whose names the licenses were issued?

I have to enquire what action the department of Justice has taken against Mr. Wigle, and if he is still paid his salary.

I am, sir, your obedient servant,

The Deputy-Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 15, 1896.

SIR,—In reply to your letter of the 7th instant, asking what action the Department of Justice has taken against Fishery Overseer E. Wigle in regard to the collection of fishery license fees due by him, and if he is still paid his salary, I beg to inform you that a special officer has been sent to make an investigation of all the facts to enable the Department of Justice to take such action as is warranted. Meanwhile, no salary is being paid Mr. Wigle. Under these circumstances, I do not think it would be advisable to publish the amounts in question as arrears, pending the minister's decision on the special officer's report.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

A. W. OWEN, *Acting Accountant.*

AUDIT OFFICE, OTTAWA, December 7, 1896.

SIR,—I have received your letter of the 4th instant enclosing a statement of arrears due for fisheries licenses.

I have to point out that my letters of October 5 and 27 called for a statement of all arrears due. Please let me have a statement of the other arrears due.

I am, sir, your obedient servant,

The Deputy-Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 18, 1896.

SIR,—In reply to your letter of the 7th instant, asking for a statement of arrears due this department other than that for fisheries licenses, I have the honour to state that such of the advances as were made on account of travelling and other expenses during the fiscal year 1895-96 and not finally adjusted are as follows :—

R. N. Venning $100

Mr. Venning is now in British Columbia in connection with the Behring Sea Claims Commission, and on his return to Ottawa the account covering the expenditure of this advance will be immediately forwarded to you.

C. A. Stayner $350

This amount is accounted for but the account is held pending the minister's sanction.

E. E. Prince..... $70

There is a balance due Prof. Prince in connection with this advance. Final adjustment has not been made pending the receipt of some necessary vouchers.

R. L. Tupper..... $100 00

This amount is accounted, for but the account rendered not giving sufficient details it has been returned for correction.

F. C. Gilchrist..... $150 00

This officer died suddenly, and whilst about $130.00 of this amount is accounted for the balance is now under the consideration of the department.

A. B. Wilmot..... $150 00

An account for $136.45 together with a deposit receipt for $13.55 was transmitted to this department in settlement of this advance, but owing to the absence of certain vouchers the account was returned for correction. In the meantime this officer died and the account has not yet been returned.

A. B. Wilmot..... $200 00
" 200 00

These advances were made to meet the expenses of distributing fry from the Newcastle Hatchery. Just at the close of the work this officer died suddenly and Mr. S. Wilmot, the ex-superintendent of Fish Culture is attending to the settlement of these accounts with this department.

F. A. Jarvis..... $25 00

This advance was given to enable Mr. Jarvis to join the steamer "Petrel." The account was returned for vouchers to be attached and will be forwarded to you at an early date.

Andrew Halkett..... $150 00

This amount is not only accounted for but a balance is due Mr. Halkett. Final adjustment is held pending the minister's sanction of the account.

Andrew Halkett..... $500 00

This advance was given to meet Mr. Halkett's expenses in Behring Sea, and as he only returned to Ottawa in October last and the account requiring special action no final adjustment has been arrived at.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M. & F.*

Claim for Lodging Allowance to be Certified.

AUDIT OFFICE, OTTAWA, October 15, 1896.

SIR,—I notice in Paymaster Forrest's accounts, chargeable to "Pay of Permanent Corps &c.," 1895-96, an allowance for quarters of $1 a day paid to Lt.-Col. J. F. Wilson, "B" Field Battery, Quebec, amounting to $366 for the year. Please let me have the authority for this payment.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, October 23, 1896.

SIR,—In reply to your letter of the 15th instant, I have the honour to inclose to you herewith, copy of memo. 10351, of the 21st March, 1895, concerning lodging allowance granted to Lt.-Col. J. F. Wilson, R.C.A.

I have the honour to be, sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M. & D.*

MINISTER'S OFFICE, March 21, 1895.

Memo.—Lodging allowance is granted to Lt.-Colonel J. F. Wilson, R.C.A., at the rate of $1.00 per diem. To date from the 1st January last past.

(Sgd.) J. C. PATTERSON.

AUDIT OFFICE, OTTAWA, October 26, 1896.

SIR,—In reply to your letter of the 23rd instant, inclosing memo. signed by the Minister, granting lodging allowance to Lt.-Col. J. J. Wilson, R.C.A., I would call your attention to the fact that the memo. does not contain, nor do I find in the paymaster's accounts any certificate specifying that the officer actually provided himself with lodgings, and was not and could not be accommodated in any building belonging to or hired by Government, in accordance with the Militia Regulations.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 22nd, 1897.

SIR,—I have again to call your attention to the necessity of furnishing in connection with the payments made to Lt.-Col. Wilson, R.C.A., Quebec, of a lodging allowance of $1 per day, the certificate required by the Regulations, that the officer provided himself with lodgings and was not and could not be accommodated in any building belonging to or hired by the Government. An early answer is requested as the Militia portion of my report is in the Printer's hands.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

Order-in-Council required for Increase of Pay.

AUDIT OFFICE, OTTAWA, October 26, 1896.

SIR,—I notice in the accounts of the Dominion Cartridge Factory increases of salary to A. J. Duchesney and A. Dupré, clerks, to $800 and $720, respectively, from Feb. 1st, 1896. These increases should be made only on the authority of an Order in Council. Please obtain such authority before making further payments to these officials.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 22, 1897.

SIR—Adverting to my letter of October 26th, 1896, calling your attention to the increases of pay to A. J. Duchesney and A. Dupré without the sanction of an Order in Council, and asking you to obtain such sanction, I would remind you that this office has not yet received notice of the requisite authority for these increases. All increases of salary to officials whose services are of a permanent nature should be made only on the authority of the Governor in Council.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

Copies of Contracts Asked For.

AUDIT OFFICE, OTTAWA, October 27, 1896.

SIR,—Please furnish this office with copies of the contracts between your department and the following parties for Militia supplies, chargeable to the vote for "Clothing and Necessaries" 1895-6 :

W. H. Storey & Son, Acton, Ont.
W. E. Sanford Mfg. Co. Ltd., Hamilton, Ont.
E. Boisseau & Co., Toronto.
Hodgson Bros., Alexandria Ont.
James Hall & Co. Brockville, Ont.
G. R. Renfrew & Co., Quebec.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 22, 1897.

SIR,—I have to remind you that I have not received from your department the copies of the contracts asked for in my letter of October 27th, 1896. In their absence an examination of the accounts of the contracters is necessarily incomplete. Please expedite this matter.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

Irregular Payments.

AUDIT OFFICE, OTTAWA, October 27, 1896.

SIR,—Let me call your attention to the following charges made to "Military Properties, Works and Buildings," during 1895-96 :—

Cheque No. 67, Jos. White, Ottawa, $50 for locating range at Nepean Township. Please send a fuller statement than appears on his account, as to the nature of the services rendered.

Cheque No. 204, Quebec Golf Club, $100. This payment was made on the certificate of approval of the Deputy Minister and bears no other evidence why it should be a public charge, nor any calculation showing how the amount of damages was arrived at.

Cheque No. 254, Liverpool and London Globe Insurance Co., $22.50—3 months premium on insurance in connection with Montreal Drill Hall. In view of the Order in Council of July 5th, 1881, dealing with the matter of insurance, what was the authority of your department for the incurring of this liability and the payment of the company's account?

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 22, 1897.

SIR,—In a letter dated October 27th, 1896, I pointed out to you what appeared to be irregular payments in connection with your expenditure under military properties, &c., the payments in question being made by cheques Nos. 67, 204 and 254. No explanations have been made by your department. Please attend to this matter.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

Arrears Due by Low Township.

AUDIT OFFICE, OTTAWA, November 4, 1896.

SIR,—With reference to the payment of $1,683.32 in 1895-96, under the provisions of chap. 41, sec. 34, subsec. 6 of the Revised Statutes, being the expenses of the militia called out to aid the civil power in connection with the Low township trouble, what steps have been taken to recoup the government for this advance of expenses?

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITIA AND DEFENCE, OTTAWA, November 13, 1896.

SIR,—As requested by your letter of the 4th instant, I have the honour to inclose to you herewith a statement of expenditure for Militia in aid of civil power at Low township, P.Q., paid by this department; also, copy of Order in Council of 18th November, 1895, authorizing the Honourable the Minister of Militia and Defence to advance the necessary funds for transport, pay, &c., of the troops on that occasion.

I am, sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M. & D.*

P.S. Steps will be taken at an early date to cause the Government to be recouped the expenses in question. C. E. P.

AUDIT OFFICE, OTTAWA, January 22, 1897.

SIR,—Referring to your letter of November 13, 1896, in the matter of the expenses incurred by the Government in behalf of the civil power in Low township, have any steps been taken to cause the Government to be recouped for these expenses? In this connection I would particularly draw your attention to the latter part of subsection 6, section 34, chap. 41, Revised Statutes, which enacts that the commanding officer shall at once, in his own name, proceed against the municipality for the recovery of such pay, allowances and cost of transport, and shall on receipt thereof pay over the amount to Her Majesty.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

Order-in-Council of Feb. 1, 1868, applies only to Officials on Permanent List.

MILITIA AND DEFENCE, OTTAWA, November 25, 1896.

SIR,—I have the honour to transmit to you, herewith, a certified copy of an Order in Council of the 19th instant, authorizing the payment of two months' salary to the widow of the late Lt.-Colonel Oscar Prevost, at the time of his death Superintendent of the Government Cartridge Factory, and to request that a cheque for the amount in question be issued in favour of Mrs. Prevost, and sent to me for transmission.

I am, sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M. & D.*

AUDIT OFFICE, OTTAWA, December 5, 1896.

SIR,—Let me acknowledge the receipt of your letter of November 25, inclosing a certified copy of an Order in Council of the date of November 19, granting authority to pay to the widow of the late Lieut.-Col. O. Prevost, two months' salary, of her late husband as a gratuity, the same to be charged to "Unforeseen Expenses," and asking that a cheque for the amount issue in favour of Mrs. Prevost.

In reply I have to state that I regret being unable to pass this application. Under the general order of February 1st, 1868, the two months' gratuity to the widow or orphan children is paid only when the deceased official was on the *permanent list.*

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

Appointment cannot Legally date prior to Order-in-Council making it, &c.

AUDIT OFFICE, OTTAWA, July 22, 1896.

SIR,—I have received a copy of an Order in Council dated the 17th instant, authorizing the appointment of Lieut. Col. the Hon. Matthew Aylmer to the position of Adjutant General from January 1st, 1896.

In my opinion the appointment cannot legally be made to date from a time prior to the passage of the Order in Council.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, November 24, 1896.

SIR,—On the receipt of a copy of an Order in Council dated July 17, 1896, appointing Lt. Col. the Hon. Matthew Aylmer to the position of adjutant general from January 1st, 1896, I called your attention to the illegality of dating the appointment prior to the passage of the Order in Council.

I notice also that a cheque (No. 1137) for $200 in favour of Lt. Col. Aylmer was drawn on July 22, 1896, in your supplementary expenditure on account of the fiscal year 1895-96, being the difference in pay of an adjutant general and assistant adjutant general for the 6 months from January 1st to June 30, 1896.

I am still of the opinion that the appointment could not date prior to the date of the Order in Council, July 17, 1896, and that therefore this payment of $200 is an illegal one.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, December 20, 1896.

SIR—I am in receipt of an Order in Council of the date of December 10th, 1896, granting a yearly sum of $200 as an allowance in lieu to Major D. C. F. Bliss, from the date of his present appointment, April 4th, 1896. This allowance is given as is stated in the Order in Council, as an adequate remuneration in his position in the service, he being necessarily deprived of the benefit of the superannuation fund on his acceptance of the position of deputy assistant adjutant general.

I can find no authority under the Militia Act granting an allowance of this nature.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, November 2, 1896,

SIR,—I am in receipt of a copy of an Order in Council of the date of October 21st, granting authority to your department to issue the pay of permanent officers of the headquarters staff monthly on the 15th day of each month or on the 14th day of any month in which the 15th falls on Sunday or Statutory holiday.

This, I presume, is intended to cover pay of Major General Gascoigne, Col. Lake, Lt.-Col. Aylmer, Lt.-Col. Irwin, Major Bliss, Captain MacLean, Quartermaster Sergeant Harris.

The memo. of the minister making the recommendation to council states that while all the officers and clerks of the Department of Militia and Defence, at Ottawa, who drew their pay on the pay-list for Civil Government, are paid their monthly salaries on the 15th day of each month, the permanent military officers are paid their monthly salaries in arrears, that is, at the end of the month. I will call your attention to this important difference between the two. In the case of death, the family of the official who is on the civil list is entitled to his full pay for the month ; while in the other case, payment of salary can be made only to date of death, so that the practice of paying the civil list officials on the 15th of the month is not attended by any risk of overpayment, such as would occur with those who are not on the civil list.

It appears to me, therefore, that it would be illegal to pay the permanent officers of the headquarters staff for any month before the end of that month,

In this connection I would call your attention to the Treasury minute of December 2, 1895, directing "that all departmental employees at Ottawa, other than those extra clerks and messengers who are paid from Civil Government Contingencies, and labourers and mechanics, be paid on pay-lists certified by the Auditor General before payment" and would ask that in the future the pay-lists of the above officials be sent to this office to be certified before payment is made.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITIA AND DEFENCE, OTTAWA, November, 1896.

SIR,—I beg to acknowledge the receipt of your letter of the 2nd instant, on the subject of an Order in Council passed on the 21st October last, granting authority to the department to issue the pay of permanent officers of the headquarters staff monthly, on the 15th day of each month. I will, upon the return of the minister, who is now absent, explain to him the objection which you find to the permission which has been given in the Order in Council mentioned.

I am, sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M. & D.*

AUDIT OFFICE, OTTAWA, January 5, 1897.

SIR,—I beg to remind you that I have not received replies to my letters of July 22nd and November 24th last, dealing with the promotion of Col. Aylmer to the position of adjutant general; to that of November 2nd referring to the Order in Council sanctioning the payment of the Major General and others on the 15th, instead of at the end of the month, and drawing your attention to the Treasury minute of December 2nd, 1895, which makes it necessary that certain employees should be paid on pay-lists to be certified by this office before payment; and to that of December 2nd questioning the authorization of an allowance of $200 to Major Bliss.

I find that all these letters have been disregarded. It is plain that you are under a misapprehension as to the course of procedure which the Audit Act requires in such circumstances. You are quite right in assuming that when objection is raised by this office to any payment made, or method of payment adopted by a department, the objection can be overruled, but the department has no right, on its own opinion merely, to disregard the objection. The method of procedure is pointed out in the 32nd section of the Audit Act. An appeal is to be made to the Treasury Board which may either sustain the Auditor General or overrule him.

If the payments to which I refer were of those which are made upon direct application to this office, I should have declined to pass them. As the payments, however, are made under your credit, you have them, in the first instance, in your own hands; but I beg to impress upon you that with the payments to which I have objected you are equally bound under the circumstances not to make the payments. In fact, as I view the matter, I am not justified in renewing credits to departments which continue to issue cheques where I have indicated that, in my opinion, payment should not be made. As, therefore, I feel that I would properly be subject to censure by Parliament if I did issue a credit to your department under such circumstances, I shall be obliged to withhold the credit for which application has just been made, until I hear from you on the subject.

I would refer you in this connection to section 30 of the Audit Act which deals with credits, as well as to section 32 to which reference is made above.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITIA AND DEFENCE, OTTAWA, January 7, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th instant in which you mention former communications addressed by you to me with reference to certain payments made by me to the Major General Commanding, the Adjutant General and other members of the Head-Quarter Staff at Ottawa, finding fault also with these payments, and stating that your letters have been disregarded. I regret to find that you should be under this impression. The fact of my having, in each case, sent you a copy of an Order in Council authorizing the expenditure was, in my judgment, a sufficient reply to your objections, and exempted me from entering into a discussion which, in my opinion, was not necessary.

I have carefully read the clauses of the Audit Act to which you refer, and fail to see that there has been any irregularity in this matter; however, I have not the slightest objection that the matter should be referred to the Treasury Board. In the meantime I see no reason for the withholding of the credit which has just been applied for and upon which depend the weekly payments of the men of the permanent force and the whole of the militia service in the Dominion.

I am, sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M. & D.*

AUDIT OFFICE, OTTAWA, January 8, 1897.

SIR,—I have just received your letter of yesterday in reply to mine of the 5th instant regarding certain payments by your department which appear to me to be irregular.

I was sure that you would not make payments which appeared to you to be irregular. I regret to see by your letter that I have not succeeded in conveying my opinion of what should be your course.

Your letter implies that you look upon an Order in Council as being final in any case. Now my reading of the Audit Act is that, when the Auditor General has formed an opinion as to the course of action on a financial matter which is required under the law, he cannot relieve himself from the responsibility of having that view carried out because there is an Order in Council to the effect that the contrary course should be followed. As explained in my previous letter I can be overruled in *only one* way, that is by the Treasury Board, and after both sides, as well as the Department of Justice, have been heard. It is quite true that the six members of the Treasury Board are also members of Council and it might therefore be thought that the whole Council is a more important body than the Treasury Board, and so it is in most respects; but in this matter of overruling the Auditor General the members of the Treasury Board are the only members of Council who have any authority. You may ask why? I answer, only because Parliament has so decided.

You say: "I have not the slighest objection that the matter should be referred to the Treasury Board. In the meantime I see no reason for the withholding of the credit."

There is no reason for withholding the credit except because you continue to issue cheques under your credit after I have informed you that in my opinion it is irregular to issue those cheques and before you have obtained a Treasury minute overruling me on the points in question. If there is to be an appeal to the Treasury Board it should come from you. If you should inform me that until a minute of the Treasury Board overruling me be obtained you will conform to my view in the matter, I shall be glad to pass your application for the credit.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITIA AND DEFENCE, OTTAWA, January 11, 1897.

SIR,—Adverting to my letter No. 26205, of the 7th instant, respecting certain payments made by me to Major General Gascoigne, Colonel Lake, Colonel Aylmer, Lt.-Col. Irwin, Major Bliss, Captain MacLean and Quartermaster Sergeant Harris, all members of the head-quarters staff at Ottawa, I have the honour to inform you that I have laid before the Minister of Militia and Defence your letter to me of the 5th and 8th of January instant, and he has instructed me to refer to the Treasury Board the several matters to which you allude in the communications you mentioned above, and that no action will be taken by the department until a Minute of the Treasury Board is obtained on the points in dispute.

I am, sir, your obedient servant,

The Auditor General. C. EUG, PANET, *D.M.M. & D.*

Advances Unaccounted for.

AUDIT OFFICE, OTTAWA, October 15th, 1896.

SIR,—There was paid to Dr. Bergin, Surgeon General, during 1894-95, on account of travelling and personal expenses inspecting barracks, &c., the sum of $700 from "Miscellaneous and Unforeseen Contingencies." A further sum of $100 from the same vote, Cheque No. 113, was paid to him in 1895-96.

Please send at once to this office all of Dr. Bergin's accounts in connection with this expenditure.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

MILITIA AND DEFENCE DEPT., OTTAWA, 24th October, 1896.

SIR,—As requested by your letter of the 15th instant, I have the honour to furnish you with the following statement, concerning travelling and personal expenses of Colonel Bergin, Surgeon General, for 1894-96.

Various sums, amounting to $800 were advanced to that officer, and his statement of expenses including daily pay, amounts to $736.20. A final claim was expected in this Department from Dr. Bergin until to-day.

I am, sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D. M. M. & D.*

AUDIT OFFICE, OTTAWA, November 23rd, 1896.

SIR,—I would remind you that I have not yet received from your Department the accounts of the late Dr. Bergin, Surgeon General, covering the advances made to him on account of travelling and personal expenses inspecting Barracks, &c.

I would also point out that the account of your Department with Dr. Bergin should have been closed by the end of the fiscal year and complete vouchers returned to this office. Without these I am unable to make a proper examination of the appropriation account to which these advances are charged, unsupported as they are by the vouchers required by the Audit Act and by proofs of payment.

I am, sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

Re Militia Revenue.

AUDIT OFFICE, OTTAWA, June 17, 1896.

SIR,—On your Revenue Return No. 9, dated Oct. 24, $38.46 came to account as proceeds of sale of Bradford Drill Shed, but no vouchers were furnished.

On Return No. 26, dated May 8, $11.00 came to account as proceeds of sale of debris of old storehouse, Sydney, C. B. The statement shows that $2.25 was disbursed for advertising, for which no voucher has been furnished.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

MILITIA AND DEFENCE DEPT., OTTAWA, June 23, 1896.

SIR,—In reply to your letter of the 17th instant, respecting Revenue Return No. 9, dated October 24th, $38.46, sale of Bradford Drill Shed, and Revenue Return No. 26, of May 8th, $11.50 sale of debris of old storehouse, Sydney, C.B., I have the honour to state as follows :—

Revenue Return No. 9.—Capt. Cartwright's detailed statement of account of sale herewith attached.

Revenue Return No. 26.—Sale of old storehouse, Sydney, C.B., $11.50.

The account of sale signed by the Auctioner, L. E. Tremaine as correct, was sent to Finance Department on the 8th May, 1896, but there was no special voucher for $2.25 expended by the auctioneer for advertising sale.

I am, sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M. & D.*

AUDIT OFFICE, OTTAWA, July 20, 1896.

SIR,—Referring to your letter of June 23rd, I have to point out that the vouchers are still incomplete.

Revenue Return No. 9, sale of Bradford Drill Shed : The auctioner's receipt is not furnished, nor the figures upon which the division of the proceeds was based.

Revenue Return No. 26, sale of old debris, Sydney, C.B. In my letter of June 17th, I stated that no voucher for the advertising $2.25 was furnished, and in your reply you remark that there was no special voucher for $2.25. I have to request that the account properly certified by the Queen's Printer may be procured. It has been the practice for years past to publish a statement of the advertising, and that cannot be done without the information contained in a properly certified voucher. Vouchers should in all cases be furnished.

I am, sir, your obedieut servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

MILITIA AND DEFENCE DEPT., OTTAWA, 12th August, 1896.

SIR,—In reply to the first paragraph of your letter of the 20th ultimo, I have the honour to inclose to you, herewith, the receipt of Mr. Robert Stewart, the auctioneer in *re* sale of Bradford Drill Shed, also that of the County Warden and Treasurer, and to state that the Drill Shed and site were sold by auction on the 20th September, 1895, for $100.

Account of sales :—

Robert Stewart, auctioneer, for services as auctioneer.....	$5 00
For posting and distributing bills	1 00
The Warden and Treasurer, County Simcoe, proportion of proceeds	55 54
Balance paid to credit of Receiver General Deposit Receipt No. 3092, Toronto, 3rd October, 1895.....	38 46
	100 00

I am, sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M. & D.*

MILITIA AND DEFENCE DEPT., OTTAWA, March 9, 1896.

Memo.—For the information of the Auditor General in connection with account sales of condemned stores.

In several of the account sales the price received for many of the articles may appear insignificant, but it must be borne in mind that a number of these articles have been worn out by the Permanent Force and other Corps of Active Militia, and were useless for almost any purpose before being returned into stores, being obsolete and unserviceable.

In many cases it was found difficult to find any one willing to purchase some of the goods, although the superintendents of stores in the several districts had been specially notified to try and obtain as large audiences as possible to stimulate competition in the bidding.

J. MACPHERSON, *D. of S.*

AUDIT OFFICE, OTTAWA, December 23, 1896.

SIR,—No vouchers have been furnished of the sales of the drill sheds at Cold Spring and Tilbury, see revenue statements Nos. 35 and 40.

The following accounts for advertising are returned herewith for the certificate of the Queen's Printer; Toronto *World* $1.50; Winnipeg *Free Press* $13.20; Winnipeg *Tribune* $10.80 and Winnipeg *Commercial* $2.50.

I have to ask that attention should be paid to having this class of vouchers certified before they are forwarded to this office.

I am, sir, your obedient servant,

The Deputy Minister, Militia and Defence. J. L. McDOUGALL, *A.G.*

MILITIA AND DEFENCE DEPT., OTTAWA, January 12, 1897.

SIR—With reference to that part of your letter of the 23rd ultimo, concerning the sale of the drill shed at Cold Spring, I have the honour to inclose to you herewith, copy of the vouchers deposited in this department, viz:—

Account of A. R. Noble for services as auctioneer $13.25.

Statement of the money received and paid out balancing by $104.25.

Receipt from township of Hamilton for $58.24.

I am, sir, your obedient servant,

The Auditor General. B. SULTE, *Acting D.M.M. & D.*

MILITIA AND DEFENCE DEPT., OTTAWA, January 12, 1897.

SIR,—With reference to that part of your letter of the 23rd ultimo, concerning the sale of the Tilbury Drill Shed, I have the honour to state that the accountant of this department reports that the vouchers for the sale of that property were sent to the Finance Department on the 11th August last.

I am, sir, your obedient servant,

The Auditor General. B. SULTE, *Acting D.M.M. & D.*

C. Constantine, balance of advance for travelling expenses	7 95

Re Arrears Due.

Comptroller's Office, Ottawa, December 24, 1896.

Sir,—In reply to your circular letter asking for a detailed statement of all arrears due on the 30th June last that have not been paid (1) by collecting officers, (2) by disbursing officers, (3) by all other persons whether Government officers or not, I beg to say that :—

1. We have no collecting officers.

2. All amounts relating to the fiscal year 1895-6 have been accounted for by disbursing officers, except one cheque dated 1st May last for $900 which is held by the Agent of the Minister of Justice at Prince Albert, N.W.T., pending the settlement of a dispute as to who is legally entitled to receive the money.

3. On 30th May, 1895 (fiscal year 1894-5), an advance of $1,000 was made to Inspector C. Constantine who was then leaving the N.W. Territories in command of a detachment of Police for duty in the Upper Yukon District. The last returns received from him left a balance of $791.92 unexpended.

He has been instructed to disburse this balance and forward the vouchers by first opportunity. There is no regular mail communication with the Yukon District.

I am, sir, your obedient servant,

The Auditor General. FRED. WHITE, *Comptroller.*

Hamilton Post Office—Decreased Revenue.

AUDITOR GENERAL'S OFFICE, OTTAWA, March 21, 1896.

SIR,—I beg to bring to your notice the gross postal revenue collected at the Hamilton post office during the fiscal year 1894-95, as given in your report for that year, and to point out that as the amount in question did not exceed $80,000, the post office comes under class 6 of schedule B in so far as the salary of the postmaster is affected, and class 2 as regards the salary of the assistant postmaster. Please let me know if the salaries of these officers have been reduced from $2,800 to $2,400, and from $2,000 to $1,800 respectively.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, November 24, 1896.

SIR,—I beg to remind you that I have not received any reply to my letter of the 21st March last, calling your attention to the decreased revenue at the Hamilton post office during the fiscal year 1894-95, and pointing out that in consequence the salaries of the Postmaster and his assistant should be reduced in accordance with Schedule B of 52 Vict., chap. 12. Please let me know what action has been taken by the department in this matter, as I would like to have the question settled before issuing the report of this office for the past fiscal year.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

POST OFFICE DEPARTMENT, OTTAWA, November 30, 1896.

SIR,—With reference to your letter of the 24th instant, calling attention to the decrease of revenue at the Hamilton post office during the fiscal year 1894-95, and pointing out that, as a consequence, the salaries of the Postmaster and his assistant should be reduced in accordance with the provisions of the Civil Service Act; I have to inform you that the Postmaster General has called upon the Postmaster and the assistant Postmaster to refund the amount over-paid. It is not proposed to exact re-payment in one sum, but to extend the period during which re-payment may be made to the close of the present financial year.

I am, sir, your obedient servant,

The Auditor General. WM. WHITE, *D.P.G.*

Legal Expenses in case of Humphrey vs. Haggart.

AUDITOR GENERAL'S OFFICE, OTTAWA, August 4, 1896.

SIR,—With reference to a payment of $425 made during the month of June last to Mr. L. A. Curry, St. John, N.B., for legal services in the case of Humphrey *vs.* Haggart, I beg to inquire under what authority this amount was assumed by the department as a liability of the government.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, November 30, 1896.

SIR,—I beg to explain, in reply to your letter of the 24th instant, that the payment of four hundred and twenty-five dollars made to Mr. L. A. Curry of St. John, N. B., for legal services in connection with the case of Humphrey *vs.* Haggart was made on the certificate of the Department of Justice.

I am, sir, your obedient servant,

The Auditor General. WM. WHITE, *D.P.G.*

Arrears for Advertising in Cobourg "Star."

AUDITOR GENERAL'S OFEICE, OTTAWA, August 4, 1896.

SIR,—I beg to bring to your notice a payment of $200 made by cheque 1741 to The Cobourg *Sentinel Star*, for advertising departure of mails from July 1, 1891, to June 30, 1895.

Please explain why each year's advertising was not paid in the ordinary course.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, September 17, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th instant, in which you call my attention to a payment of $200 made by cheque 1741 to The Cobourg *Sentinel Star*, for advertising departure of mails from July 1, 1891, to June 30, 1895, and you ask me to explain why each year's advertising was not paid in the ordinary course. In reply, I beg to state that the accounts were not rendered year by year.

I am, sir, your obedient servant,

The Auditor General. WM. WHITE, *D.P.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, September 23, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th instant in which you state that the advertising in the Cobourg *Star*, to which I called your attention on the 4th instant, was not paid for in the ordinary course for the reason that the accounts were not rendered yearly as is the custom with other papers for similar advertisements. It seems to me that such omission on the part of the creditor is not sufficient reason for the department allowing one year's expenditure to pass over to the succeeding year. The department must have authorized the advertising charged for by the *Star*, and consequently knew at the end of the fiscal year, when the account had not been presented for payment, that there was an outstanding liability in respect thereof. As you are aware the Governor in Council usually provides a reasonable time at the end of each fiscal year during which cheques may issue on the appropriations of the fiscal year just closed, to enable the various departments to collect outstanding accounts of this nature, so that they may be charged to the fiscal year in which the expenditure was incurred.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, September 25, 1896.

SIR,—I have the honour to acknowledge the receipt of your further communication of the 23rd instant, respecting the accounts for advertising in the Cobourg *Star*. If you will be good enough to examine the accounts you will find that each account is initialled by the Postmaster General for the time being, as I did not think that I was at liberty to authorize payment of the accounts without special authority of the Postmaster General in each case.

I am, sir, your obedient servant,

The Auditor General. WM. WHITE, *D.P.G*,

AUDITOR GENERAL'S OFFICE, September 30, 1896.

SIR,—With reference to your letter of the 25th instant, in further explanation of the payment made to the Cobourg *Star* for advertising, I beg to inform you that the voucher sent to me does not bear the initials of the Postmaster General. I understood that the time table advertising for the various offices was inserted in accordance with an agreement between the department and the newspaper proprietors, and if so I should think the time to have obtained the Postmaster General's approval was when authorizing the work and not when paying for it.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Judgment against Post Office Inspector at Quebec paid from Appropriation.

AUDITOR GENERAL'S OFFICE, OTTAWA, August 6, 1896.

SIR,—I beg to bring to your notice voucher 1742, for $464.94, the amount of a Superior Court judgment and costs given against Mr. Bolduc, Post Office Inspector at Quebec, in the case of Blondeau *vs.* Bolduc. Please let me know on what authority this amount has been assumed by the department as a liability of the Government.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, September 2, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 6th ultimo, in which you ask on what authority a payment of four hundred and sixty-four dollars and ninety-four cents, being the amount of a Superior Court judgment and costs, given against Mr. A. Bolduc, Post Office Inspector at Quebec, in the case of Blondeau *vs.* Bolduc, was assumed by this department, and in reply I beg to state that the payment was made by order of the Honourable Sir A. P. Caron, then Postmaster General.

The Auditor General. WM. WHITE, *D.P.G.*

Letter of Credit for Salaries, Outside Service, Overdrawn.

POST OFFICE DEPARTMENT, OTTAWA, July 3, 1896.

SIR,—I beg to acknowledge the receipt of your letter of the 2nd instant pointing out that the letter of credit expenditure for "salaries and allowances" for the month of June is overdrawn $22,934.39 and asking why the overdraft was made.

In reply, I beg to say that the department was aware that the vote for salaries and allowances was insufficient and made application to Parliament for supplementary vote, but it failed to pass.

I am, sir, your obedient servant,

The Auditor General. W. J. BARRETT, *Accountant.*

AUDITOR GENERAL'S OFFICE, OTTAWA, July 4, 1896.

SIR,—I have a letter dated yesterday from the accountant of your department from which the following is an extract :—

"In reply, I beg to say that the department was aware that the vote for salaries "and allowances was insufficient and made application to Parliament for a supplement-"ary vote but it failed to pass."

With reference to this, I beg to remind you that you are not justified in paying under your credit any amount which has not been authorized by Parliament or in excess of what has been authorized.

I shall be obliged to cause your credit to be cancelled on the 7th instant unless I hear from you in the meantime that you will not further overdraw any appropriation.

All responsibility for any inconvenience or injury to the public service which may arise from the inability of the departments to pay claims against the Government has been assumed by Parliament, and we are, therefore, free from it.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Furnished Room for Railway Mail Clerks at North Sydney.

AUDITOR GENERAL'S OFFICE, OTTAWA, August 4, 1896.

SIR,—I beg to call your attention to an expenditure of $18.25 during the fiscal year 1895-96 for cleaning and care of a room at North Sydney, Nova Scotia. This room, it appears, is occupied by the railway mail clerks on the route between Point Tupper and Sydney. There was also a further expenditure of $73.50 in this connection during last year for bedding and other furnishings. See Fraser's bill, voucher 1417.

Please let me know the reasons for this outlay, and if it is usual for the department to provide sleeping apartments for railway mail clerks absent on duty from their ordinary place of abode.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, November 17, 1896.

SIR,—I beg to call your attention to my letter of the 4th August last, asking for information respecting an expenditure at Sydney, Nova Scotia, in connection with rooms used by the railway mail clerks on the route between Sydney and Point Tupper, as sleeping apartments.

I have not received the information asked for, and I shall be obliged if you will give the matter your early attention. I inclose a copy of my letter.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE INSPECTOR'S OFFICE, HALIFAX, N.S., September 18, 1895.

DEAR COLONEL WHITE,—There is a vacant room in the Public Building at Sydney C.B., which I would like very much to secure as a sleeping room for my Railway Mail Clerks. Under the I. C. R. Winter Time Table the mail trains arrive at Sydney at 9.25 P. M. and leave at 4.15 A. M., and when clerks are obliged to go to a hotel there is danger of their being allowed to oversleep and consequently miss their train in the morning. The room referred to, which is on the second floor, was allotted to the Port Warden, but has never been used by that official, and so far as I can learn is not likely to be during the winter. The expense of fitting it up would be trifling, and it would be a great convenience to the Railway Mail Clerks and an advantage to the Department.

I inclose a rough sketch of the second floor of the building, showing where the room is located.

Yours truly,

The Deputy Postmaster General. CHAS. J. MACDONALD, *P.O.I.*

POST OFFICE INSPECTOR'S OFFICE, HALIFAX, N.S., December 10, 1895.

SIR,—With reference to your letter No. 902 of the 29th. October, authorizing me to have the use of a room in the Public Building at Sydney, C.B., as a sleeping apartment for Railway Mail Clerks, I have the honour to report that I have taken over the room, which had been allotted to the Port Warden. That official stated that he had never used the room, and did not expect that he ever would, as the business to be done would not necessitate it. I submit herewith, an estimate from Messrs. Wm. Fraser & Son of this City for the necessary furnishings of the room. As the articles mentioned are all required, and the price asked is reasonable, I would be glad to have your authority to make the purchase. I have already had the room cleaned at an expense of 75c. and submit to-day an account for the work.

I am, sir, your most obedient servant,

The Postmaster General. CHAS. J. MACDONALD, *P.O.I.*

POST OFFICE INSPECTOR'S OFFICE, HALIFAX, N.S., October 5, 1896.

DEAR COLONEL WHITE,—With reference to your letter of the 2nd instant, I beg to inclose herewith copies of a letter addressed to you, and of an official report, on the question of giving the Railway Mail Clerks the use of a sleeping room at Sydney. The estimate for furniture submitted with my report was subsequently approved, the articles purchased and the account paid. The only reason for using this room is that stated in my letter to you, that we may prevent the risk of clerks missing this train in the morning. Considering the early hour at which this train leaves, I do not think that the privilege granted the clerks is an unreasonable one.

Yours truly,

The Deputy Postmaster General. CHAS. J. MACDONALD, *P.O.I.*

Board Allowance to J. Rooney at Vancouver.

AUDITOR GENERAL'S OFFICE, OTTAWA, November 18, 1896.

SIR,—I beg to call your attention to the payments made to Mr. J. Rooney during the fiscal year 1895-96, as an allowance for expenses on special duty at Vancouver. These payments are made monthly at the rate of $1.50 per day, and during last year amounted to $541.50. I have brought payments of a similar nature to Mr. Rooney to your notice on previous occasions, and pointed out that the authority of the Governor in Council should be obtained for the daily allowance, otherwise only actual expenses as shown by account rendered should be paid.

Considering the length of time Mr. Rooney has been stationed at Vancouver, it seems to me it might now be regarded as his permanent residence.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, November 30, 1896.

SIR,—In reply to your letter of the 18th instant with reference to the payments made to Mr. J. Rooney as an allowance for expenses on special duty at Vancouver, I beg to remind you that I had the honour to discuss this matter with you some time since, and it was then agreed that provision should be made for Mr. Rooney as a Chief Railway Mail Clerk, he would then simply receive his salary; this was done in the estimates for last session, but owing to the desire of the Postmaster General to acquaint himself thoroughly with the requirements of the Department, the sanction of His Excellency in Council has not yet been obtained for Mr. Rooney's appointment to the position above referred to.

I am, sir, your obedient servant,

The Auditor General. WM. WHITE, *D.P.G.*

Employment of Miss Bell at Montreal Post Office.

POST OFFICE DEPARTMENT, OTTAWA, November 30, 1896.

SIR,—I have the honour to state that Miss Marion Bell, to whom reference was made in your letter of the 23rd instant, was employed on the authority of the Postmaster General as a Stenographer; she has not passed the Civil Service Examination, the Postmaster of Montreal reporting that no one could be found who had passed the Civil Service Examination and was qualified as a Stenographer, and it was absolutely necessary that he should have a stenographer to replace one who had just left on the ground that the remuneration was not sufficient,

I am, sir, your obedient servant,

The Auditor General. WM. WHITE, *D.P.G.*

C. P. Railway Mail Subsidy: St. John to Vancouver.

Order in Council, June 12, 1895.—On a memorandum dated 5th June, 1895, from the Postmaster General, recommending that, in view of the great importance of the Canadian Pacific Railway between St. John, N. B., and Vancouver, B.C., to the postal services of the Dominion as being the most expeditious and direct route from the Atlantic to the Pacific sea board, and the connecting link between the various provinces of the Dominion, the Canadian Pacific Railway Company be paid at the rate of one hundred and thirty dollars ($130) per mile of railway per annum for the conveyance of mails over their main line between St. John, N.B., and Vancouver, B.C., the distance being 3,392 miles.

The Minister further states that the present rate of payment over this portion of the railway is a mixed one, the amount now paid between Montreal and Vancouver being at the rate of one hundred and five dollars ($105) per mile per annum, and between Montreal and St. John at a train mile rate, making together an annual payment of three hundred and forty-one thousand eight hundred and thirty-five dollars, and if payment be made at the rate now proposed, the annual payment will be four hundred and forty thousand nine hundred and sixty dollars ($440,960) or an increase of ninety-nine thousand one hundred and twenty-five dollars ($99,125) on the amount now paid, said increase to come into force and take effect on the first day of July, 1895.

The Minister further states that in consideration of the increased rate of payment the Post Office Department is to be at liberty to make use of all trains which may now run or may be hereafter run over this portion of the railway, the company furnishing all necessary accommodation for the proper handling and distribution of the mails, without additional compensation, and in view of the fact that hitherto the accommodation for mail service on the through trains on the mail line has been quite inadequate to meet the requirements of the service, the Canadian Pacific Railway Company is to furnish cars devoted entirely to postal service for use on their through trains running daily both ways between St. John and Montreal and Montreal and Vancouver, such cars to be of the same dimensions as those now in use on the Grand Trunk Railway between Montreal and Toronto and to be fitted up in every respect for the accommodation and proper distribution of the mails, and no payment is to be made to the company at the increased rate now recommended until such cars are furnished and in use on the main line as proposed.

The Committee submit the above recommendation for Your Excellency's approval.

J. J. McGEE, *C.P.C.*

Order in Council of June 25, 1895.—On a report dated 20th June, 1895, from the Postmaster General, submitting that, by an Order in Council, dated the 12th of June, 1895, authority was granted for payment to the Canadian Pacific Railway, at the rate of $130 per mile per annum, for the conveyance of mails over their main line between St. John, N.B. and Vancouver, B.C.

The Minister states that this amount is to be paid on the understanding that the Company is to furnish cars, devoted entirely to postal service, for use on their through lines, running daily both ways, between St. John and Montreal, and Montreal and Vancouver, such cars to be of the same dimensions as those now in use on the Grand Trunk Railway between Montreal and Toronto, and to be fitted up in every respect for the accommodation and proper distribution of the mails, and no payment is to be made to the company at the increased rate now recommended until such cars are furnished and in use on the main line as proposed.

The Minister further states that it has been represented by the company that, in order to comply with these provisions, the employment of a large amount of capital would be necessitated, and an additional service would be involved representing an expense greatly in excess of the additional compensation; but that the company has expressed its willingness to furnish in some other way all the necessary accommodation on their through trains for the accommodation of the mails.

The Minister therefore recommends that the company's offer be accepted, on condition that sufficient accommodation be provided by the company on each train for all the mails; and the Minister further recommends that, with reference to that portion of the main line between St. John and Montreal, the sum of $130 per mile, per annum, shall be paid for the through service, and shall be over and above any payment which may be made, from time to time, for the use of local trains.

The Committee submit the foregoing recommendation for Your Excellency's approval.

J. J. McGEE, *C.P.C.*

C. P. Railway Mail Subsidy: Branch Lines.

Order in Council of February 19, 1896.—On a memorandum dated 3rd February, 1896, from the Postmaster General recommending that, in view of the large increase in the mails conveyed, and in order to enable the Post Office Department to avail itself of all trains run over the sections of railway referred to, the changes hereinafter detailed be made in the rates of payment for mail services by the Canadian Pacific Railway, such changes to date from the 1st July, 1895:—

That one hundred dollars ($100) per mile of railway per annum be the rate to be paid for the service performed over the lines between Montreal and Quebec, which will amount to $17,200 per annum; the existing rates for the present services range from one cent per train mile to 8 cents per train mile, and amount to $11,051.60 per annum, so that the increase on this section will be $9,148.40.

On the Ottawa and Prescott section, the rates for which per train mile are now eight cents and three cents, and amount to $3,092.44, it is also proposed, for the same reason, to make the rate $100 per mile per annum, to cover all service over that section —the increased payment on this section will be $2,107.56.

That eight cents per train mile be paid for the following services:—

Ottawa and Aylmer, the present exceptional rate for which is six cents per train mile, and two cents per train mile, and amounts to $338.04; at eight cents per train mile the payment will be $450.72 per annum being an increase of $112.68.

Portal and Pasqua, the present rate of which is four cents per train mile, whilst for conveyance of the same mails on the Sudbury and Sault Ste. Marie section, the rate paid is eight cents per train mile, the increase on this section will amount to $4,876.40 per annum.

That, in view of the large increase of mails on the sections named below, four cents per train mile be paid instead of three cents per train mile, the rate now paid on all the sections between Ottawa and Aylmer; and Ste. Eustache and Ste. Thérèse, where the rate now paid is two cents per train mile:—

Montreal and St. Jérôme.
Three Rivers and Grandes Piles.
St. Lin and Ste. Thérèse.
St. Jérôme and Ste. Thérèse.
St. Jérôme and Ste. Agatha.
Ottawa and Aylmer.
St. Eustache and Ste. Thérèse.

The Minister states that the increased cost to the Post Office Department, which will result from these changes in the rate for the above sections will be $873.46, and that the total increase upon all the sections named will be $14,118.50 per annum.

The Committee submit the foregoing for Your Excellency's approval.

J. J. McGEE, *C.P.C.*

Re Over-deposit in Eastern Townships' Bank.

AUDIT OFFICE, OTTAWA, April 25, 1896.

SIR,—I am in receipt of your letter of April 20th, inclosing a letter from the Eastern Townships' Bank, Sherbrooke, and requesting that an entry warrant may be passed correcting an error of $5 made by the bank issuing a receipt for more than the amount deposited. It appears that a receipt had been issued for $102.58, and that amount credited to the Receiver General, and when the error was discovered the bank changed the amount to $97.58 and advised you of the matter.

I have to call your attention to the objection of allowing a bank to make any alteration in the amount of a receipt which it has issued and credited to the Receiver General. The usual procedure should be followed, which is for the bank to make application for a refund.

It would be well to inform the bank accordingly.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

Re Rents of Letter Boxes.

AUDIT OFFICE, OTTAWA, July 22, 1896.

SIR,—In your letter of July 9th, 1895, you stated that commencing the first of the then current month postmasters who were authorized to retain the rents of letter boxes would furnish detailed statements of the amounts collected.

None of these returns have yet reached this office, and I have now to request that they be forwarded as soon as possible with the counterfoils of receipts issued. The summary should be certified by the Postmaster as to points 1 and 2 stated in my letter of April 30th, 1895, and a certified departmental summary of the whole period should also be furnished.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, November 17, 1896.

SIR,- In your letter of July 9th, 1895, you stated that arrangements had been made to obtain from postmasters, commencing with July 1st, statements of the fees collected for rent of letter boxes which they were authorized to retain.

I wrote you July 22 last that none of these statements had been furnished. I have had no reply and none of these returns have yet reached this office.

I have again to ask that they may be furnished without delay, accompanied by a certified departmental summary.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, November 18, 1896.

SIR,—I have to ask your consideration of the correspondence in relation to the rents of letter boxes, that is published in the Audit Report of 1894, page M—81 and the Report for 1895, page N-67.

You will notice my contention was that the revenue which accrued from boxes provided by the Government should go to the Government and therefore should not be treated as a supplement to the salary of the postmaster even under the sanction of the Postmaster General.

I am, sir, your obedient servant,

The Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, December 8, 1896.

SIR,—I have to remind you that I have had no reply to my letter of November 17th last calling your attention to the fact that no statements had been furnished showing the fees collected and retained by postmasters for rents of letter boxes.

I shall be glad to have this statement at your earliest convenience, as I am about sending the balance of your part of the Audit Report to the printers.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Supplies for Departments already in Arrear.

AUDIT OFFICE, OTTAWA, May 5, 1896.

SIR,—I wrote you a letter on the 22nd August, 1894, of which the inclosed is a copy. Before issuing the credit of $50,000 asked for in your application of the 1st instant, I think that I should have a letter from you acquiescing in the conditions described in that letter. I appear not to have received any answer to it at the time. I may say that acquiescence would involve your recognition of the principle that you should draw nothing against your credit except to pay for work and supplies which you know the department ordering the work and supplies is at the time in a position to repay, and that you should not fill a subsequent order for any department that has not paid the accounts which were due by it to your department.

I am sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, August 22, 1894.

SIR,—I beg to acknowledge receipt of your reply of July 4th last, to my letter regarding the arrears of certain departments for printing and stationery supplies.

My interpretation of the Order in Council to which you refer is that under it you are expected to refuse supplies to a department which has not put you in possession of funds for goods furnished on a previous order, unless there are good and unusual reasons for the delay. It is quite true that the order was passed to meet a difficulty which is not the general one now. It was to put a stop to the habit of pigeon-holing the accounts, and not to prevent the filling of orders when the department had no appropriation to meet the charges.

However, it is impossible, I think, to continue the present convenient means of supplying your department with funds to procure supplies and pay printers, unless the Queen's Printer has the responsibility of declining to furnish departments in arrears, and unless each department has the responsibility of having at its disposal sufficient appropriation to meet its orders on your department.

The Auditor General has no right to authorize expenditure beyond Parliamentary appropriations. If then he passes credits, the cheques against which are charged to an Advance Account, he must justify himself: (1.) On the ground that Parliament knows that supplies are obtained and printing is done and paid for before the departmental orders have been filled, and therefore before you have been put in possession of funds; (2.) Because he knows that as soon as the goods are delivered the advance account will be repaid its advances by charges against departmental appropriations.

The Audit Office can have no argument for continuing to allow charges to be made against the Advance Account unless on the understanding described in (2).

A department has no right to complain because it is not permitted to spend more than its appropriation. If the Queen's Printer has not now the responsibility of seeing that his advance account is recouped all the charges against it, it is manifest that such a responsibility should be placed upon him, just as each department should have the responsibility of limiting its orders by the amount of its available appropriation.

I am, sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

PRINTING AND STATIONERY DEPT., OTTAWA, May 8th, 1896.

SIR,—I have the honour to acknowledge receipt of your letter dated May 5th; its purport, in effect, being that, unless I interpret a certain Order in Council in a sense which the late Premier and Minister of Justice decided in full council that it did not bear, you would stop the credit at the bank under which all the business of the bureau is carried on. Before the receipt of your letter. I had received a telephone message from

the bank notifying me that the Queen's Printer's Advance Account was overdrawn, and that you had informed the bank that, while you had the application for a credit before you, you were not certain when you would issue it or whether you would do so at all.

I beg to remind you that these temporary advances have been going on in this same way ever since the inception of the Printing Bureau, and that there is nothing unusual in this present application. The advances are and always have been recouped by the amounts paid by the various departments of government, and by both branches of Parliament. The advances are used exclusively for wages and materials for work ordered by the Government and by Parliament ; because no outside work ever is, or can legally be, done at the Bureau. They are equivalent to the most ordinary bank advances made upon produce going to market—familiar to every trader in the country—and they are recouped in the same way ; with this important difference, that the product is all ordered in advance by officials authorized to that effect.

The bank, which is the medium to make the temporary loan, is repaid by cheques of the departments drawn to the order of the Receiver General. This has been the system from the first.

I would moreover remind you that, under the law, no government or parliamentary official can obtain anything in the way of printing and stationery excepting from the Bureau ; therefore, it from any cause I refuse to supply a department, it must do without such things—whether it be the Post Office, or Customs or Inland Revenue requiring forms, or the Supreme Court wanting reports of cases, or the departments getting reports ready for Parliament, or Parliament itself wanting its Hansard or Votes, or order papers, or the judges and bar waiting for the laws, or the public for the Official Gazette. Your contention is, that whenever a vote is exhausted, no matter how unforeseen the emergency which may have caused it, that department shall at once intermit its functions, so far as they are carried on by means of paper and printing, until a new Supply Bill is passed at the next meeting of Parliament.

This theory, you will remember, came up very formally in May, 1894, when, acting under your interpretation of the Order in Council in question, one of my officers undertook to stop the supplies of the Department of Justice. The question came before Council, and the First Minister and Minister of Justice, (the late Sir John Thompson) decided that the order bore no such meaning, and that it was illegal for the Queen's Printer to stop the supplies of any department. This decision was well known all through the departments, and I would submit that, if there had been any solid grounds for your theory, that was the time to have pressed it. The question was brought up in Council in the fairest and squarest manner All the Ministers were present in Ottawa and any inconvenience likely to arise could then be met, and means could then have been devised to correct anything which might appear deficient. You did not then press your views, and the decision was apparently accepted ; for everything went on as before.

In my letter of July 4th, 1894, to which you refer, I went over the whole question in the fullest detail. You now state that you, apparently, have no answer to your letter of August 22, 1894, in reply to mine. To this I answer that my letter of July 4, 1894, covered the question, and that I could do no more than repeat it. Your letter of August 22, did not call for a reply. It simply reiterated your theory of the Order in Council, which theory in the meantime the highest authority in the Dominion had declared illegal. I would submit that Council must reasonably be held to know the meaning of its own orders. But, be that as it may, I have the honour to point out that I have never heard of any steps taken on your part in the way of remonstrances to Council or to the Treasury Board. I looked with interest in your next report to see whether you had reported the matter to the House with a view to a decision of Parliament, but I found nothing there. Everything went on as before. If, however, you should ask for a further reply to your letter of August 22, 1894, it will be found in mine of May 20, 1895. In that letter I went over the same ground. I would respectfully urge that then, again when the government was in full action and Parliament was in session, was an appropriate time for enforcing any views which you might hold without running the risk of embarrassing the public service.

Your letter, dated May 5th, reached me about noon yesterday, and nothing but instant action saved the department from the gravest embarrassment. Indeed there could not have been another time in the whole history of the department when such inconvenience could have been caused. I only succeeded in catching the First Minister and responsible head of this department when his cab was waiting at the door, five minutes before he left for Winnipeg. The last Council for several weeks was over and all the ministers but one left Ottawa that day. I beg respectfully to submit that the time was inopportune to raise theoretical constitutional questions at a juncture so unusual, when there was no authority to appeal to. I submit that the time was ill chosen to stop the credit of a public department and to compel me to disobey a formal decision of the highest authority, with the alternative of turning out on the streets without payment of their wages over four hundred workingmen and women. It was in my humble opinion ill chosen, because nothing unusual was being asked; everything was going on as always for ten years. The credit of April for $50,000 had been met by deposits of $52,000. The credit applied for was a simple renewal, such as an ordinary dealer in country produce might ask from a branch bank.

I submit that to imperil the wages of working people at a time when no remedy might be found is unfair, and to stop suddenly without notice the living of four hundred households, requires more justification than a dubious theoretical point of constitutional law. If I fail to receive the requisite credits I shall have no alternative but to put all these people out of the Bureau and stop the working of most important departments.

Regarding the point of public law I venture to think you are mistaken as to my duty. As Queen's Printer, I am bound to obey the Governor in Council, and to submit to their interpretation of what they intend in their orders. As printer to Parliament I am bound to follow the statute which organised this department. This last provides imperatively that the Queen's Printer *shall* supply the departments of government on the requisitions of the deputy-heads. The Queen's Printer has no option under the law. Parliament enacts that he *shall* supply, under conditions laid down in the statute. I have the honour to submit that you are overriding the Governor in Council and the Parliament, and seeking to impose your view of the law on pain of the most serious embarrassment of the public service. I venture to think that, if you felt that any change ought to be made, it would have been more in accordance with usage to have submitted the matter to Council, and if Council did not apply what you conceived to be a remedy, you might then have reported the matter to the House; but, in any event, the time to start a new departure ought not to be when the Council has separated and the House is not in session. There is no emergency calling for action now. No unusual supplies are being ordered by the departments—the balances due by the departments are less than they have often been before, and the amount of overdraft is much less than in former years. When you take these circumstances into account, and remember the embarrassment your sudden decision must cause at a time when Council has separated for some time and there is no authority to appeal to. I earnestly hope you will reconsider the decision you have so unexpectedly arrived at.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *Q.P. & C.S.*

PRINTING AND STATIONERY DEPARTMENT, OTTAWA, May 11, 1896.

SIR,—I have the honour to inform you that the fortnightly pay of the operatives in the Bureau is due on Thursday, the 14th, and that on Wednesday I shall draw cheques for the payment of the wages of the employees in the building.

I write thus early to inform you of the fact, and again to beg that you will lodge with the bank the credit which I applied for on the first of May.

I need not revert to the points which were covered in my preceding letter, but I have to repeat that it is my plain duty to decline to give you the letter which you have asked me for, unless I am authorized thereto by the authority from which I hold my

commission, and thereby released from the plain and distinct orders I have received in this very matter.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *Q.P. & C.S.*

AUDIT OFFICE, OTTAWA, May 12, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 6th instant, in reply to mine of the 5th. You say that the purport of my letter is, that unless you interpret a certain Order in Council in a sense which the late Premier and Minister of Justice decided in full Council it should not bear, I would stop the credit at the bank under which all the business is carried on. No, your interpretation of the Order in Council has nothing to do with my action in the matter.

You may consider that the Order in Council makes it incumbent upon you to supply a department with printing and stationery when that department has no Parliamentary appropriation, as well as when it has. I have no reason to interfere with your carrying out your view of the instructions, providing you don't call upon this office to pass the payment of the supplies when Parliament has assigned no money for the purpose.

You are mistaken in supposing that I made no effort to impress upon those who were members of the Government when the Order in Council was passed, that money could not be had in the usual way, if departments with exhausted appropriations were to have their applications on the Bureau honoured. I interviewed the Premier, drew his attention to the fact that there was no appropriation for the Queen's Printer's Advance Account as such, and that therefore I had no authority to issue a credit except on the full expectation that it was to be used exclusively in the make-up of articles through the payment of which, by departments, the amount of the credit would be repaid. Sir John Thompson agreed that I could not issue the credit on any other understanding. I then suggested to Sir John, that a round sum should be asked from Parliament for the Queen's Printer's Advance Account to meet emergencies such as had shortly before caused him so much annoyance, or that the Unforeseen Expense vote should be so increased as to give a small margin for unusual expenditure in the various branches of the public service.

I shortly afterward saw the Minister of Finance and explained to him, that it would be impossible for me to continue the Advance Account on the new basis of supplying the departments. In this connection let me request you to suggest to your Minister, that it would be only fair to me to have your view of my conduct discussed in the presence of the Minister of Finance if it is discussed at all. Mr. Foster must feel that it would be impossible for me to do my duty to Parliament, and at the same time make the credit as elastic as you think it should be.

When Mr. Montague became Secretary of State, I suggested to him the same means as I had to Sir John Thompson, whereby the Order in Council might be carried out and I not go beyond the limits laid down by Parliament to my powers.

You say that the credit given to you is equivalent to the most ordinary bank advances made upon produce going to market familiar to every trader in the country andthey are recouped in the same way. Suppose that you ask from your banker a credit, all of which is to be used in the purchase of produce, and you explain to him, that you intend to sell on credit such portion of the produce as you choose: while the general manager of his bank has given him the strictest instructions that he is not to let out any of the money of the agency for produce, except on the distinct understanding that the produce is to be sold for cash only: what would be your chance of getting the credit? Is your parallel of the case complete without my addition?

I quite understand that it is not legal for any department to get supplies of the kind which the Queen's Printer furnishes, except through your department. I have had to remind the departments of that often enough.

You think that your letter of July 4th, 1894, answered mine of August 22nd following. Evidently I did not think so, or I should not have written my letter. You understood that I was not convinced,

I hope that with the explanation given above, you will see that although it is the duty of every official to assist in carrying out the wishes of the Government of the day, as far as he can consistently with his own official duties, there is nothing short of direct Parliamentary appropriation or the exceptional circumstances and proceedings mentioned in the Audit Act which can justify me passing applications for the money of Parliament. Was not this brought very prominently forward a very few days ago? Why was there so much interest taken in whether the supplies would be granted or not, if an official could, after Parliament was over, distribute money as he chose?

I had nothing to do with making a formal remonstrance to the Treasury Board. The interviews with leading members of the Government as described above are all, I think, that could be expected from me.

The reason which induced me at this particular time to press for an answer to my letter of August 22nd, 1894, was that I understood one department was getting supplies on a statement that payment was to be made after the estimates for next year would be passed. Several of the departments are now in arrears to you for goods furnished in February, and some are still further in arrears. See your March statement.

There is no need of imperilling the wages of your employees. I hope you see that I could not pass the credit as you thought it ought to be given. If you think that you should make arrangements to get money for the cases which I do not see my way to recognize, get the money from some other source, but by agreeing to my wish with regard to expenditure under the Government credit you will be able to make the bulk of your expenditure.

You say that the Queen's Printer shall supply under conditions laid down in the statute, and that therefore I am overriding the law because I do not furnish the money without a vote. Why are votes asked at all, if the departments have a right to have their wants supplied without a vote? Why is the Minister of Finance so particular that they shall not only have a vote but that each sub-division of the vote be respected?

I had nothing to submit to Council. Council is all-powerful while Parliament has not enacted, but where it has, Council can do nothing in an opposite direction.

I don't wish you to acknowledge the correctness of my position, which, however, is you will now see I hope, different from what you supposed it was.

I am sorry that you should be embarrased.

I am, sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

FINANCE DEPARTMENT, OTTAWA, May 12, 1896.

DEAR MR. McDOUGALL,—I have had an interview with the Queen's Printer and I am assured by him that if you will grant him credit sufficient to pay the wages of the people employed in the Printing Bureau he will not make any payment for supplies or material until the matter is settled. As the legitimate charges which will be repaid will be far in excess of the payment for wages, I do trust that you will be enabled to do what is wanted.

Yours truly,

The Auditor General. J. M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, May 12, 1896.

SIR,—Mr. Courtney has just written to me in the following words:

"I have had an interview with the Queen's Printer, and I am assured by him that, if you will grant him credit sufficient to pay the wages of the people employed in the Printing Bureau, he will not make any payment for supplies or material until the matter is settled."

On this understanding I am passing to-day your application for a further letter-of-credit.

I am sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A. G.*

PRINTING AND STATIONERY DEPARTMENT, OTTAWA, May 15, 1896.

SIR,—With reference to your letter of May the 12th, I have the honour to inform you that I had an interview with the Honourable the Premier yesterday, who informed me that he had just seen the Honourable the Minister of Finance in your presence, and that it was understood that consideration of the question which exists between your department and mine has been postponed for a short time until Ministers shall have an opportunity of considering it.

Under these circumstances I presume that the understanding referred to in your letter of the above date has been waived for the present. Inasmuch as a number of people are clamouring for payment of their accounts, I would be glad to resume payment at the Bureau ; but I do not desire to do anything to infringe the understanding in question, without letting you know, and I shall be glad to have a note from you releasing me from this understanding.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *Q. P. & C. S.*

PRINTING AND STATIONERY DEPARTMENT, OTTAWA, May 15, 1896.

SIR,—With reference to our conversation of to-day, I have the honour to assure you that all such moneys as are advanced on the Queen's Printer's account by the Bank of Montreal will be recouped from appropriations of departments for work done, ordered by officers authorized thereto. This assurance will, no doubt, be satisfactory to you, and will no doubt enable matters to go on as before.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *Q.P. & C.S.*

AUDIT OFFICE, OTTAWA, May 16, 1896.

SIR,—I have your (second) letter of yesterday, under which you may issue cheques against the credit which you now have at the Bank of Montreal.

I am, sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

PRINTING AND STATIONERY DEPARTMENT, OTTAWA, June 19, 1896.

SIR,—I have the honour to call your attention to a conversation between us some time ago, in which I understood you to say that inasmuch as the work charged for in connection with the North-west exhibition, and not yet paid, was ordered by the Department of the Interior, you would have it paid out of the appropriation for the North-west Territories. I shall be glad if you will kindly inform me whether or not it is intended to pay that account, as well as the items for Clerk of the Crown in Chancery, still outstanding, before the end of this month, or whether it will again have to be carried forward to next year.

I am, sir, your obedient servant,

The Auditor General. W. GLIDDON, *Acct.*

AUDIT OFFICE, OTTAWA, July 9, 1896.

SIR,—I wish that you would look at the copy of the statement for the month of May, showing the amounts in arrears on account of printing and stationery, for the purpose of getting the claims against the departments reduced at an early date.

The Deputy Minister of the Geological Survey Department was here the other day, and I understood from him that he was in a position to pay all of your claim against his department. That against the Post Office and his are the largest, but there are departments which are in arrears for a longer time.

I shall be glad to know what the difficulties in the way of the settlement of each case are, if you can get the information.

I have seen both the late President of the Council and the Deputy Minister of the Interior, the former with reference to the Clerk of the Crown's account which he promised to have attended to, and the latter regarding the North-west exhibition account, which Mr. Burgess agrees to have charged against a suitable North-west appropriation.

I am, sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

PRINTING AND STATIONERY DEPARTMENT, OTTAWA, July 10, 1896.

SIR,—I have your letter of July the 9th, and in reply would say that I have written to the deputies of the departments from which the larger amounts are due. The Geological Survey has paid in the meantime. The Post Office Department, which owes the other large amount, is generally very prompt; so I am in hopes that Col. White will respond to my request at once. I am afraid that some of the other departments from which the small amounts are due will not be able to pay until the next Supply Bill is passed. I, however, wrote at once to most of the departments owing large amounts, and I shall now write to the rest.

Yours truly,

The Auditor General. S. E. DAWSON, *Q.P. & C.S.*

PRINTING AND STATIONERY DEPARTMENT, OTTAWA, Sept. 29, 1896.

SIR,—I have been looking in the Supplementary Estimates for an item to cover the amount due the Printing Bureau by the North-west Government for the printing of the catalogue of their exhibition.

I would again remark that I have not been able to see any reason why that account should not have been paid like any other account, out of the North-west appropriations, without waiting for any special vote or any special action. The work was ordered by the deputy of the Department of the Interior precisely in the method laid down by the statute. I had no alternative but to perform the work. The requisition was sent in and every formality required by the statute was performed. The fact that a special grant was given to the North-west Government to help its finances with regard to the exhibition was a thing which I had nothing whatever to do with, and which had no bearing whatever upon my duties as Queen's Printer.

I need not observe that it is not at all incumbent upon me to go beyond the requisitions which I receive, and inquire how the different departments are going to manage their appropriations, and therefore it seems to me a hardship, to put it upon the lowest ground, that the Bureau should have had to wait so long for the payment of work which was done strictly in accordance with the law. I trust therefore that you are not forgetting the position of this account, and that you will bear in mind that there was no precaution which could possibly have been taken on my part within the limits of the law which was not taken by me in acting upon the order which I received.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *Q.P. & C.S.*

No Money Available for Wages.

PRINTING AND STATIONERY DEPARTMENT, OTTAWA, Sept. 8, 1896.

SIR,—I have the honour to remind you that the $7,000 asked for in my last requisition was for wages for the operatives of the Printing Bureau. These wages are now nearly all earned. The day after to-morrow, Thursday the 10th, the whole amount will be due for work actually performed, and in accordance with a usage which has never been departed from, I should prepare the pay-sheets and cheques the day after to-morrow for issue on the 11th. I should therefore be very glad to know whether you are in a position to issue the credit in question or not, as there are four hundred cheques to be drawn, and the men and women have to be called together to sign the pay-rolls, a process which takes quite a little time.

I wrote to the Deputy Minister of Finance last week, explaining to him what the money was for, when it was due, and that a portion of it is due for work done in August. I am aware that this special amount was the subject of a discussion in the House, and that there seemed to be an idea that the credit ought not to be used. I venture, however, respectfully to express my belief that the House did not quite understand the nature of the credit. It was unfortunately printed with the words "for September," as if it was intended to cover the whole month of September, whereas four days in August are included in it. That, however, it is no portion of my duty to dwell upon. I can only express my hope that the House may become possessed of the information contained in my letter to the Deputy Minister of Finance, in which case I venture to think no objection would be made to the payment of the working hands.

I sincerely trust that by the time the House meets again we shall be able to devise some better method of carrying on the work of this department than that which has obtained since its inception. The whole work of the House of Commons is now being carried on by the Queen's Printer, as regards materials on credit; and if I am unable to obtain this money I shall have to carry on the work on credit at the expense of the workingmen and workingwomen employed in the building. This, of course, I am prepared to do, because the work of Parliament must be done; but I would gladly avoid it if it be possible to do so.

The business firms who are supplying paper for the House documents can easily wait, for any bank will advance them money on the debt, but the working people are not in that position.

The question is further complicated by the fact that the House never has granted a vote direct to the Bureau, but that the money paid is really an advance against votes to other departments. It would be almost impossible to explain this to the House, as I think very few, even of the officials of the Government, outside of the Finance Department, understand the subject. I need not, however, dwell upon this view of the matter in writing to you, who know so well every particular regarding it. I can only express my hope that some method may be found of paying the operatives, and I shall be glad to be advised as early as possible of any resolution which may be arrived at in the matter, so that I may either prepare the cheques and pay-sheets, or refrain from performing a useless labour.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *Q.P. & C.S.*

P.S.—Since writing the preceding letter, I have received a letter from you, returning the application for a credit, and stating that in view of the remarks made in the House it cannot issue. I am very sorry, but it cannot be helped. Everything has been done that can be done, and the operatives must wait.

Translation by Engineer Marceau for Geological Survey

AUDIT OFFICE, OTTAWA, December 28, 1896.

SIR,—Let me call your attention to cheque No. 10541 for $246.85, in favour of Ernest Marceau, for translating Geological Survey Reports, on an account dated Aug. 13, 1895.

Please obtain from Mr. Marceau a statement of the amount of this work which was done after Oct. 1, 1894, the date of his appointment as Superintending-Engineer of Quebec Canals.

This amount should be refunded, I think.

I am, sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

PRINTING AND STATIONERY DEPARTMENT, OTTAWA, Jan. 2, 1897.

SIR,—In reply to yours of the 28th to the Queen's Printer *re* amount paid to E. Marceau for translating Geological Survey Reports, I have the honour to inform you that the work of translation of the reports paid for by the cheque in question was all completed before the date mentioned, Oct. 1st, 1894. I also inclose copy of letter received from Mr. Marceau this morning in reply to the one written to him on the subject. I hope this statement of facts will be satisfactory.

I am, sir, your obedient servant,

The Auditor General. W. GLIDDON, *Acct.*

DEPARTMENT OF RAILWAYS AND CANALS, MONTREAL DIVISION,
SUPT. ENGR.'S OFFICE, MONTREAL, Dec. 31, 1896.

SIR,—In answer to your letter of yesterday covering one from the Auditor General in which he asks what portion of the translation work done by me, and paid for on the 13th August, 1895, was performed after the 1st Oct., 1894, I beg to state that none of it was done after the last named date. Some of the proofs may have been finally corrected in 1894, but as well as I can remember, not after the 1st October.

You will remember that about the time I was completing the translation, the appropriation having fallen short of the requirements, the printing of the Geological Reports was dropped for a number of months, but my manuscripts were in the hands of the printer at the time. These manuscripts, if preserved, would, I believe, show by the dates upon them that they were handed to the printer in 1893, or at the very latest in the beginning of 1894. I was well aware that I had no right to perform any translation after the date of my appointment here, and I am sure I did none.

I am, sir, your obedient servant,

The Accountant, P. and S. Dept. ERNEST MARCEAU, *Supt.-Eng'r.*

Canadian History Library charged to "Commons Contingencies."

AUDIT OFFICE, OTTAWA, November 14, 1896.

SIR,—In your expenditure for "Contingencies of the House of Commons," I notice frequent payments for books relating to early Canadian History and Customs, whose titles show that they have no bearing on the subject of present legislation.

A marked instance of this is the payment (on your requisition) of $80.30 for a copy of "Thevet: Les Singularitez de la France Antarctique: 12mo: original calf binding: published in 1558."

The field of Canadian History is covered by the Library of Parliament : how thoroughly, I do not know ; but a copy of this particular work is in it, and does not show signs of such frequent use as to make it unavailable for more.

Since the Library of Parliament is maintained, at considerable expense, for Canadian History among other objects—it is necessary, I think, to have some explicit Ministerial or similar responsibility (as that of the Internal Economy Commission) for duplicating this part of it, except for such works of reference as have a clear apparent connection with the public duties for whose performance the money is voted.

Please let me have a copy of any instructions which may have been issued as to the formation of a Canadian History Library out of the Votes for " Contingencies of the House of Commons."

I am, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

J. G. Bourinot, Esq., C.M.G.,
Clerk of the House of Commons.

Ottawa, 16th November, 1896.

Sir,—With respect to your letter of the 14th instant, asking explanations as to the purchase of historical works for the Clerk's or Speaker's Library of the House of Commons I have to state as follows :

1. That it has been always the practice to purchase books on Canadian History for the Speaker's or Clerk's Library of the House of Commons.

2. That no objection has ever been taken to such expenditures by the Internal Economy Commission, who have always left the disposal of the small amount annually voted for Contingencies to the order of the Speaker and Clerk, and the House itself has never taken objection to the amount expended for such purposes. These Contingencies have been devoted to the expenses of the Speaker's and Clerk's department generally.

3. That although every facility is given to the officers of the House by the Library of Parliament, yet that Library is not always available by the former during the Session when the two Houses constantly use it, and it has been absolutely necessary for the Speaker, Clerk and Law Clerk to have as full a collection of books as possible in their own libraries.

4. That it has been always the practice, without question, to buy from time to time works of Canadian authors, historical and others, for the purpose of giving a small encouragement to Canadian literature.

5. Rare books on early Canadian History can only be, strictly speaking, consulted in the Library of Parliament itself, and the present Clerk would be hampered in the duties that have accumulated on him—of giving assistance to all classes of persons in the country—without reward—if he had not access at all times to many books on Canadian History which would not be otherwise always available to him.

6. That your attention is specially called to the fact that for some years the present writer has been engaged in accumulating authorities in accordance with a report on two occasions of the Joint Committee of the Library of Parliament, endorsing his proposition to prepare a work covering all documents illustrative of Canadian Constitutional History, and accompanied by historical writings relating to the same. In order to execute a work requiring the labour of many years, and only taken up necessarily at odd intervals, the writer has necessarily been obliged to search Canadian History to its earliest sources, and accumulate slowly in his library such historical and other works as would be necessary in connection with so laborious a compilation.

7. The wide scope of this work which, whenever completed will be of great value to Canada, can be seen by reference to the document appended hereto, which was approved of by the Committee and incorporated in their report and printed in the Journals of the House.

Under all these circumstances you will see that the Clerk's Library is used in connection with important public duties, and that while he has enormously enlarged his

responsibilities, it has been without any additional fee or reward from the public exchequer, though in this and other respects he might fairly claim some. At all events, it may be fairly urged that he should not be hindered or cramped in facilities for making himself useful to the Canadian legislature and people, expecially when there is no additional cost entailed on the public Chest, but he is able to depend on such appropriations as may be legitimately used for carrying out such desirable objects as those herein set forth.

I may add here what I forgot above, that all the arrangements for preparing the work in question were made with the full approval of the Chairman of the Internal Economy Commission, Mr. Speaker Ouimet, who submitted my memorandum himself to the Library Committee, and that he as well as his successor always fully understood the necessity of the Clerk having a good working library at his own disposal in addition to the facilities he could avail himself of in that of Parliament.

The material for the work in question having been now nearly all collected, and the Clerk's Library being now well stocked with such works as bear on the origin and sources of our parliamentary and constitutional history, the expenditures in question will be hereafter small and confined to ordinary books of reference as a rule.

I remain, yours truly,

The Auditor General. JNO. GEO. BOURINOT.

Re Arrears Due.

AUDIT OFFICE, OTTAWA, September 23, 1896.

SIR,—I have to call your attention to the arrears due to your department.

The amount due on June 30th, 1895, and unpaid on December 31st, was	$ 649 48
The amount due on June 30th, 1896, for goods and services during the fiscal year 1895-96, and unpaid on July 31st, was	1,376 76
The amount due on August 31st for goods and services during July, was	214 60
Total	$2,240 84

I have to inquire what action has been taken in reference thereto. Should not booksellers to whom a trade discount is allowed, be required to pay promptly?

I am, sir, your obedient servant,

The Queen's Printer, &c. J. L. McDOUGALL, *A.G.*

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, Sept. 28, 1896.

SIR,—I have the honour to acknowledge the receipt of yours of the 23rd to the Queen's Printer *re* arrears due, and in reply beg to say that the amount due on June 30th, 1895, remains the same, as per statement furnished.

The amount due on June 30, 1896, and unpaid at July 31st, was $1,399.51, since which some items have been paid, a list of which will be forwarded you. The amount due August 31st is nearly all paid up.

Booksellers are required to pay promptly, but by reason of the Government not being able to pay contra accounts since 1st July to the 24th inst., delay in some cases was asked for.

The amounts due for 1895 and 1896 are mostly in the hands of members of Parliament for speeches.

I am, sir, your obedient servant,

The Auditor General. W. GLIDDON, *Accountant.*

AUDIT OFFICE, OTTAWA, October 6, 1896.

SIR,—In my letter of September 23rd, I inquired what action had been taken in reference to the large amount of arrears due to your department.

In the reply of your accountant no information is given on this point. I have again to ask for a particular statement of your action in reference thereto. In looking over the list of those in arrears, it seems reasonable to conclude that a large number would remit without delay if requested.

Your early reply will oblige.

I am, sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY,
OTTAWA, November 10, 1896.

SIR,—I have before me your letters of September 23, October 6 and October 15. Some of the points of these letters concerning arrears have not been fully replied to in my previous letters, and I now take them all up in order.

You inquire whether booksellers should not be made to pay promptly. No doubt they should; and they are.

* * * * * *

You ask for a statement of action in reference to these accounts and observe that a large number would remit without delay if requested. In reply I would say that it is an error to assume that such request has not been made. These accounts are sent frequently and requests are frequently made. From time to time drafts are made on booksellers and private parties who may delay, but I have not commenced litigation because I have not thought it advisable to enter upon a course of action which would waste five times as much as I might collect. In fact, I have not the authority to inaugurate a new course of action of that nature. Meantime I am drawing the rules strictly to prevent new names from getting upon the books, so far as the general public is concerned; and so far as the public is concerned there is very little trouble. It is easy to regulate that.

I come now to the real source of the difficulty and it has been the subject of previous communications without arriving at any definite method of procedure. I now inclose a full printed list of arrears, and I beg you to notice that three fourths of it is for Members of Parliament, and, of the rest, much of it is for items sent at the request of Members of Parliament. There is very little indeed due from the general public. As you are aware, various plans have been thought of to make collections from Members, and on one occasion the Printing Committee brought in a report to deduct the bills for speeches from the indemnity of Members. The House struck out that clause and passed the rest of the report.

It is clear that I am bound to print the speeches of Members. The House has ordered that, and it is a law. If I print I may as well deliver; for, when I print, the expense is incurred, and the speeches are no good to the Government—they are so much waste paper in the Bureau. They cannot be distributed and are not an asset. The plan adopted in outside business is to exact a deposit in advance, but that is out of the question; and I have always moreover to remember that so far as the speeches are concerned I am acting as the printer to Parliament and amenable to Parliament and the Printing Committee which has the authority of Parliament. I cannot make strict regulations for Members of Parliament, save when authorized thereto by that Committee.

These arrears are, and have always been, reported to you every year and you report them to the House. As matters stand I see nothing else that can be done by a subordinate officer. I cannot make regulations for my superiors to observe.

I shall, however, report the matter to the Minister and send him a copy of this letter with the list attached. Meantime I shall continue applying for the money and hope to get a good deal of it in.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *Q.P.*

Re Waste Paper.

AUDIT OFFICE, OTTAWA, October 21, 1896.

SIR,—The following amounts have come to account as proceeds of Sale of Waste Paper during 1895-96:—

T. M. Woodburn—17,275 lbs. at 26c	$ 44.92
A. Dackus—291,515 lbs. at 20c	583.02

Referring to the correspondence of May, 1895, I have now to ask for particulars as to the contract with Mr. Dackus; whether tenders were asked for; when contract was made; for what period; and any other information relevant thereto. I do not find that any security has been deposited.

I may state that two different persons who it appears know the price the present contractor pays, have informed me that they are prepared to pay more, and wish to know if tenders are again to be asked for; both of whom I referred to you.

I am, sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A. G.*

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY, OTTAWA, 27th October 1896.

SIR,—I am in receipt of your letter of the 21st of October in which you ask for particulars as to the contract with Dackus; whether tenders were asked for; when contract was made; for what period and for all other information relating thereto.

The waste paper has been the subject of an immense amount of correspondence, in my opinion far beyond any practical value that it has to the Government. It is managed in a way which I have always protested against as irrational in the highest degree: for 80 per cent of the whole amount realized by the Government is spent in getting the vouchers for the proceeds. I do not think that outside of the Government such an unbusinesslike method would be tolerated.

* * * * * *

I would call your attention to the fact that this correspondence took from May 10 until June the 6th before any decision was arrived at. In the meantime the departments were blocked with waste paper; and it accumulated in some of the buildings to such an extent that it imperiled the buildings by the risk of fire. So the Deputies pressed upon me for action. Finally the Deputy Postmaster General notified me that he would have the waste paper all carted away by the Public Works Department. I informed him that while that seemed to me a very rational thing to do, I was not in a position to authorize him to do it. The result was that the Public Works Department carried away the waste paper and dumped it in some vacants lots, and some of the Government forms having blown away over the streets were brought to me as an evidence of carelessness in the disposal of public documents.

I give you these details to show you how irrational the whole proceeding has been and how inapplicable the tedious ways of Government are to cope with a simple matter like this which requires to be attended to with promptitude. The Government buildings were imperilled by risk of fire for a month and the convenience of the public officers was interfered with in order to save an amount of about $100 per annum to the Government of Canada.

I now go on to narrate what happened when this was turned over into my hands and I would observe that the Order in Council entrusted it to me without reservation.

Warned by the delay in obtaining a decision in the matter of Woodburn's contract, I resolved that I would have no contract for the future; but the work should be done day by day; so that the moment anything occurred of an unsatisfactory nature I could instantly apply a remedy. As early as possible I sent out to get prices from all persons who seemed to be in a position to do the work. The result was that I obtained the following tenders:—

T. M. Woodburn	$0 15
J. McFarlane	0 16
Alfred Bart	0 17
Alex. Dackus	0 20

Mr. Dackus's offer being the highest was accepted; but even if it had not been the highest I should probably have accepted it, because he is really the only man in Ottawa who is able to handle this business. He alone has the facilities for sorting the different kinds of paper and for disposing of it with promptness. As, however, his tender was the highest I was not called upon to discuss any others. He has done the work ever since in a most satisfactory way and the departments have never been so well cleared of their waste as they have been since he undertook the work.

That is the position in which the matter now stands, and therefore you are unable to find any security deposited; because it was not my intention that there should be any security or that there should be any contract for a definite period, but that the work should be done day by day absolutely under my own control.

Your letter informs me that two different persons have informed you that they are prepared to pay more than Mr. Dackus and that you have sent them down. One of these persons is, I presume, Mr. Woodburn.

* * * * * * *

The other person who applied here was Mr. Bart who had previously tendered at 17 cents. No other persons, so far as I am aware have applied, and the paper mills will not touch the business. Eddy declined to have the whole of the paper waste as a gift.

I beg that you will excuse my going so much into detail but it seems to be necessary to do so, for every now and then I am asked to go over this question, and I go over it now once for all in order that the whole details of the matter may be conveniently at your hand and I cannot close my letter without again expressing my conviction that it is in the highest degrees irrational to imperil public property to an enormous extent for the purpose of saving $500 worth of waste paper; and even that amount is not saved, for it costs the Government $400 to collect it.

As the work is now carried on the money is at least paid promptly, whereas under the previous contracts I had immense difficulty in making the collections.

The Order in Council has entrusted this duty to me without reserve, and I am carrying it on to the best of my capacity in the interests of the Government. Mr. Dackus has done the work for very little more than a year, and as soon as I get time to look into the matter again I will take it up and see what is the best thing to do for another year.

I have the honour to be, sir, your obedient servant,

J. L. McDougall, Esq., Auditor General. S. E. DAWSON, *Q.P. and C.S.*
